Understanding your bill

- Customer's mailing address:** Location where your bill is mailed.
- General account information**
 - Billing date:** Date your bill was issued.
 - Account number:** You have a new account number that is a unique identifier for the customer at this address. Refer to this number if you contact Florida City Gas about your account.
 - Next reading date:** Date next meter reading is scheduled to take place. A meter reading is a measurement of the consumption taken from the meter at a specific service address.
 - Invoice number:** This is a unique identifier for the current statement.
 - Billing type:** Determines how the bill is calculated for this account.
- Charges**
 - Previous account balance:** The sum of previous unpaid charges.
 - Current charges:** Amount due for most recent month of service.
 - Total account balance:** This is for services already used during the billing period plus any outstanding service charges, deposits or late payment fees incurred.
- Average daily usage:** Year-to-year comparison that illustrates the amount of natural gas used in therms. Please note this information will be available starting with the September 2020 invoice.
- Service address:** Location where natural gas service is being provided.
 - Charges:**
 - Basic energy charge: A monthly charge that covers the basic fixed costs of providing you with natural gas service.
 - Energy charges: Billing components, aside from the cost of gas, associated with providing safe and reliable service.
 - CRA (competitive rate adjustment): Rates and charges set on an individual customer basis via a special contract. (not applicable to all customers)
 - Distribution: Charge to deliver natural gas to your location.
 - ECCR (Energy Conservation Cost Recovery Charge): Cost of programs designed to reduce electric demand and consumption.
 - PGA (purchased gas adjustment):** The cost of natural gas purchased by FCG on behalf of its customers and passed through at actual cost. Includes administrative costs and the weighted average cost of gas (WACOG).
 - SAFE Charge:** A PSC-approved program that improves safety and reliability by retiring existing rear easement steel residential utilities and replacing these with new advanced plastic utilities relocated to the front public right of way.
 - Taxes and charges:** Taxes and fees may vary by area, with amounts established by local governing bodies. Florida City Gas collects these costs for distribution to the appropriate entities and does not profit from them. The amount is made up of the following charges: Franchise charge: Fee on a customer's natural gas bill that is collected by Florida City Gas and provided to the appropriate local municipality or county government. Gross receipts tax: A tax on a customer's natural gas bill that is paid to the State of Florida. Utility tax: A tax imposed by a municipality or county government on the sale of natural gas. Surtax: A surtax that is charged by many Florida counties. Sales tax: Tax levied by the State of Florida on the purchase of natural gas.
 - Total current charges:** A sum of all of the items outlined above.

Understanding your bill

- Customer service phone number if you have billing inquiries:** You can complete many important tasks online at FloridaCityGas.com or you can call us.
- Bill messages:** Important information for the benefit our customers.
- Please pay amount by:** This is when payment for all charges is due. (21 days after invoice date)
- Billing period and meter reading:**
 - Meter number:** Unique identifier associated with your natural gas bill.
 - Type of reading:** Describes whether an actual or estimated meter read was taken.
 - Billing period:** The service days included in this bill. Note that the number of days in a billing period may fluctuate due to weekends, holidays, or changes in the date we read your meter.
 - Therms billed:** A unit of heat measurement equal to 100,000 BTU. We calculate your bill based on how many therms of gas were used. BTU is the factor used to convert one hundred cubic feet of natural gas to therms.

ABOUT ESTIMATED BILLS

We make every attempt to read every meter on a scheduled basis. However, on those occasions when we are unable to obtain a reading,

your account will be billed on an ESTIMATED CONSUMPTION. Estimated bills are based on past usage, or the usage of similar customers if you are a new customer. When an actual reading is obtained, we will adjust your account for any discrepancies between the actual and estimated consumption.

DEFINITION OF TERMS

Access: In accordance with the regulations of the Florida Public Service Commission, Florida City Gas representatives shall be given access to the customer's premise at all reasonable times for the purpose of obtaining meter readings, inspection of piping and appliances and at all times for emergency purposes.

Basic Service Charge: A monthly charge that covers the basic fixed costs providing you with natural gas service.

Cost of Gas: The actual cost of the gas consumed. This is a direct pass-through; we earn no profit from this charge.

Energy Charge: This charge covers most operating costs, other than the cost of gas, associated with providing service.

Utility Tax: Fees paid to the applicable city/county government on the customer's purchase of gas. This tax is collected by us on behalf of the local government imposing the tax.

Franchise Tax: Fees paid to the applicable city/county government for the right or privilege to utilize public property for the purpose of supplying gas service. This tax is collected by us on behalf of the local government imposing the tax.

Therm: A unit of heat measurement equal to 100,000 Btu. We calculate your bill based on how many therms of gas were used.

Therm Factor: The factor used to convert CCF into therms.

CCF: One hundred cubic feet. This is the measurement used to determine usage.

S.A.F.E. Program Charge: This charge is for a PSC-approved program that improves safety and reliability by retrofitting existing rear assessment steel residential utilities and replacing these with new advanced plastic utilities relocated to the front public right of way.

SERVICES AVAILABLE

For appliance installation and repair referrals: 888.245.9427.

Budget Payment Plan: Allows you to spread your natural gas cost over 12 equal monthly payments.

Third Party Notice: Allows you to designate a third party to be notified if your gas service is scheduled to be shut off for non-payment.

Payment Arrangements: We will work with any customer experiencing a financial or personal hardship to help you continue receiving gas service.

FEES AND CHARGES

Service Charges for Orders Initiated by the Customer: Additional charges apply for service outside regular business hours. For a detailed list of charges, see the Florida City Gas tariff on the Company's website, floridacitygas.com/rates.

Connect Charge: There is an \$80 fee to initiate, connect or turn on your residential natural gas service. \$150 for commercial customers.

Reconnect Charge: There is a \$40 fee to restore your residential gas service, \$80 for commercial customers, following a disconnection for non-payment.

Temporary Disconnect Charge: There is a \$35 fee to temporarily disconnect residential or commercial service at a customer's request.

Failed Trip Charge: There is a charge of \$20 when a residential or non-residential customer fails to keep a scheduled appointment with us.

Returned Check Fee: For any check returned to us for insufficient funds, there is a fee of \$40 or 5% of the face amount, whichever is greater.

Late Payment Charge: There is a late payment fee of the greater of \$5 or 1.5% that will be applied to any balances unpaid after 20 days after receipt of billing.

Bill Collection Fee: There is a fee of \$25 if we must visit your home or business for the collection of past due bills.

HOW TO READ YOUR METER

To read your own meter, read the dials from the highest to the lowest quantity, generally from left to right. If the arrow falls between the numbers, record the lesser number (the number nine is less than zero). In the example below, the reading is "92184."
