TECHNICAL TERMS AND ABBREVIATIONS

Agent. A contractually authorized Marketer or Designee of Customer under these Rules and Regulations.

Aggregated Transportation Service. Transportation Service provided by Company to those Customers assigned to the applicable Customer Pool wherein the authorized Pool Manager causes Gas to be delivered to Company for transportation to the Customer Accounts.

Aggregated Transportation Service Agreement. An agreement between the Company and the authorized Pool Manager establishing terms and conditions for the management of a CI Customer Pool.

Alert Day. Any Gas Day where Company notifies, Customer, Pool Manager, or Shipper's Designee of restrictions on the deliveries of Gas within certain specified tolerances.

Alternate Fuel. A gas which provides an equivalent amount of energy computed on a "BTU" basis. It is not limited to any specified source of energy. Alternate fuel may include natural gas and, in the Company's opinion, any viable economic alternatives.

Brevard Pool. The service area of the Company's distribution system that is north of Florida Gas Transmissions' compressor station number 21.

British Thermal Unit (BTU). The quantity of heat required to raise the temperature of one pound of water one degree Fahrenheit at or near 39.2 degrees Fahrenheit.

Biogas. Combustible residues or gases from forest products manufacturing, waste, byproducts, or products from agricultural and orchard crops, waste or coproducts from livestock and poultry operations, waste or byproducts from food processing, urban wood waste, municipal solid waste, municipal liquid waste treatment operations, and landfill gas.

CI Cycle Read Pool. That group of certain Space Coast Service Area and South Florida Service Area Non-residential Aggregated Transportation Service Customers who have, (i) executed a Letter of Authorization with a Company-approved Pool Manager to utilize Transportation Service through an aggregated Customer Pool and (ii) who have field meters that are "manually" read by the Company on a scheduled monthly cycle, once per month.

CI Daily Read Pool. That group of certain Space Coast Service Area and South Florida Service Area Non-residential Aggregated Transportation Service Customers who have (i) executed a Letter of Authorization with a Company-approved Pool Manager to utilize Transportation Service through an aggregated Customer Pool, and (ii) who have RTU and/or MTU measurement that is downloaded daily by the Company.

Commission or PSC. Unless otherwise indicated means the Florida Public Service Commission.

Company. Florida City Gas ("City Gas").

TECHNICAL TERMS AND ABBREVIATIONS CONTINUED

Company Delivery Point or Company Point of Delivery. The point at the interconnection between the facilities of Company and a Customer at which the Gas leaves the outlet side of Company's custody transfer point and enters the Customer's installation.

Company Operating Units. The Company's FCG Space Coast Service Area and South Florida Service Area, inclusive of those counties and communities served and identified individually in Sheet Nos. 4 and 5, maps and Communities Served in this Tariff.

Company Receipt Point. The point at the connection of the facilities of Transportation Service Provider and Company at which the Gas leaves the outlet side of Transportation Service Provider's custody transfer point and enters the Company's facilities.

Company's Regulated Sales Service Pool. The group of Company Customers who purchase their Gas supply directly from the Company and pays the Company's Purchased Gas Cost Recovery Factor listed in this Tariff.

Customer. A person or entity who takes service from the Company under a Rate Schedule.

Customer Pool. The group of Customers who are collectively served by a Company-authorized Pool Manager(s) in accordance with the applicable provisions of the Company's Aggregated Transportation Service program(s).

Curtailment. The suspension of gas service provided by Company to affected Customers, in accordance with the provisions of the Company's end use Curtailment plan, as amended from time to time, on file with the FPSC.

Daily Capacity (release) Quantity (DCQ). The quantity, in Dekatherms, of Transportation Service Provider pipeline capacity to be released to Customer's Pool Manager and Pool Manager is required to acquire for delivery by Pool Manager to the Company on a daily basis.

Daily Delivered Capacity (release) Variance (DDCV). The quantity of capacity, if any, each Pool Manager must deliver that is in addition to the quantity of firm capacity released by the Company to Pool Manager to meet Pool Manager's Customer Pool's aggregated Daily Demand Requirement i.e., the mathematical difference between each Pool Manager's specific Customer Pool's aggregated Daily Demand Requirement and Pool Manager's aggregated Daily Capacity (release) Quantity.

Daily Demand Requirement (DDR). The total demand requirement for any given day of all Customers participating in a Customer Pool. Calculated by the Company on a Monthly basis, the DDR is the average of the Customer's billed quantity divided by the number of Days in the then applicable billing period and divided by ten.

Essential Use. Consistent with "Priority 1 Use" as defined in Florida Gas Transmission's tariff.

TECHNICAL TERMS AND ABBREVIATIONS CONTINUED

Gas. Gas is any gas or mixture of gases suitable for domestic or industrial fuel and transmitted or distributed to the user through a piping system, including natural gas, manufactured gas, mixed gas, hydrogen gas, renewable natural gas, and liquefied petroleum gas distributed as a vapor with the admixture of air.

Letter of Authorization ("LOA"). An agreement executed by Customer and Customer's selected Pool Manager which i) authorizes Company to assign Customer to its selected Pool Manager's Customer Pool, ii) affirms Customer acceptance of Company's Tariff provisions, and iii) affirms Pool Manager's acceptance of Company's Tariff provisions.

Manufactured Gas. Any gas artificially produced by any generating or processing equipment, exclusive of naturally occurring hydrocarbon gas.

Margin Revenue. Revenue derived from applying undiscounted rates from billing Customer Charges, Demand Charges and Distribution Charges to a Customer.

Maximum Daily Transportation Quantity (MDTQ). The maximum quantity of Gas that the Company is obligated to transport and make available for delivery to a Customer or Pool Manager under any applicable Transportation Service Agreement for Transportation Service on any one Day.

Miami-Dade Pool. The service area of the Company's distribution system that is south of Florida Gas Transmissions' compressor station number 21.

Mixed Gas. Any mixture of two or more gases of materially different physical character or chemical composition.

Month. The period between any two (2) regular readings of Company's Meters at approximately thirty (30) Day intervals.

Monthly Imbalance Quantity. The operational imbalance amount for a billing period for an individual Customer or group of Customers in a Customer Pool.

Natural Gas. Naturally occurring hydrocarbon gas mixture consisting primarily of methane, but commonly including varying amounts of other hydrocarbons occurring naturally underground and of a quality consistent with the specifications defined in Florida Gas Transmission's tariff.

Nomination. A request by a Customer, Pool Manager, or Shipper's Designee to a Transportation Service Provider and Company for receipt and delivery of a physical quantity of Gas pursuant to Transportation Service Providers' and or Company's Tariff.

Non-Residential Customers. Those Customers who are not Residential.

TECHNICAL TERMS AND ABBREVIATIONS CONTINUED

Operational Flow Order. Any Gas Day where Company notifies Customer, Pool Manager, or Shipper's Designee of conditions that could threaten the safe operation or system integrity of the Transportation Service Provider and / or Company or where Customer's, Pool Manager's, or Shipper's Designee's Gas deliveries are required to be within certain specified hourly or daily Gas flow quantities.

Pool Manager. An entity, authorized in accordance to the provisions of this FPSC-approved Tariff, that provides gas supply, Transportation Service Provider pipeline capacity management and other related services for those Customers receiving service under the Company's Aggregated Transportation Service program(s).

Primary Delivery Point(s). Delivery Point(s) listed in Customer's Transportation Service Agreement, or Pool Manager's Aggregated Transportation Service Agreement.

Primary Receipt Point(s). Point(s) of Receipt listed in Customer's Transportation Agreement or Pool Manager's Aggregated Transportation Service Agreement.

Receipt Point. The point at the interconnection between the facilities of the Transportation Service Provider(s) and upstream system at which the Gas enters the facilities of the Transportation Service Provider(s).

Relinquishment. The release of firm capacity right(s) pursuant to the Rules and Regulations in this Natural Gas Tariff and FERC rules.

Renewable Natural Gas (RNG). Biogas that has been conditioned and upgraded to a quality and standard such that it meets, in the sole view of the Company, the Company's gas quality and heat standards in effect and applicable at the time.

Residential Customers. All those Customers using gas service for domestic purposes, for use in single family dwellings, in separately metered housing units, or for use in commonly owned areas of condominium associations, cooperative apartments, and homeowner associations for non-commercial uses.

Retainage. A percentage of Customer's or Customer's Agent's Gas that Company is allowed to retain for unaccounted for Gas at no cost to Company.

Shipper. Customer or Pool Manager who has executed a Transportation Service Agreement or an Aggregated Transportation Service Agreement, and who has acquired capacity with a Transportation Service Provider.

Shipper's Designee. A contractually authorized Marketer or Agent of an Individual Transportation Service Customer under these Rules and Regulations who is appointed by Customer and approved by Company to perform the obligations of an ITS Customer or Pool Manager on the Company's system such as invoicing and payment, nominations, monthly imbalance resolution or operator order responsibility.

TECHNICAL TERMS AND ABBREVIATIONS CONTINUED

South Florida Service Area: FCG Service Area includes Customers located within the Company's service areas located south of Florida Gas Transmission Compressor Station 21 and excluding those Customers served in the Company's Space Coast Service Area.

Space Coast Service Area: FCG Service Area includes Customers located within the Company's service areas located north of Florida Gas Transmission Compressor Station 21 and excluding those Customers served in the Company's South Florida Service Area.

Therm. A unit of heating energy equivalent to one hundred thousand (100,000) British thermal units.

Transportation Service. The service provided by Company where Customer-owned Gas is received by Company from a Transportation Service Provider at the Company Receipt Point(s), transported through Company's distribution system, and delivered by Company at the Company's Delivery Points to Customer.

Transportation Service Agreement. The fully executed Transportation Service Agreement or Contract Transportation Service Agreement between Company and Customer.

Transportation Service Provider. Any interstate pipeline, intrastate pipeline, or local distribution company that transports Gas to Company's Receipt Point(s).

Transportation Service Provider Delivery Point(s). The point at the connection of the facilities of Transportation Service Provider, at which the gas leaves the outlet side of the measuring equipment of Transportation Service Provider and enters an off-system facility.

Upstream Pipeline Capacity Costs. Expenses incurred by the Company including but not limited to reservation, demand, usage, commodity, fuel, and applicable fuel charges incurred by the Company as a result of Company's contractual arrangements with Transportation Service Provider(s).

Working Day. Shall have the same meaning as Business Day, previously defined herein.

RULES AND REGULATIONS

1. GENERAL

These Rules and Regulations of the Company shall supplement the Rules and Regulations of the Florida Public Service Commission governing service by gas public utilities. Where contradiction is developed as between interpretation of the Company's Rules and Regulations and the Commission's Rules and Regulations, the latter shall be deemed to override the former.

The Company shall furnish service to applicants under the filed rates and in accordance with these Rules and Regulations.

2. DEPOSITS TO GUARANTEE PAYMENT OF BILLS

For an existing account or premise, the Company requires an initial deposit of two (2) times the actual average monthly bill calculated by adding the monthly charges from the 12-month period immediately before the date any change in the deposit is sought, dividing this total by 12, and multiplying the result by 2. If the account or premise has less than 12 months of actual charges, the deposit shall be calculated by adding the available monthly charges, dividing this total by the number of months available, and multiplying the result by 2. For a new service or premise request, the total deposit may not exceed two (2) months of projected charges, calculated by adding the 12 months of projected charges, dividing this total by 12 and multiplying the result by 2. Once the new Customer has had continuous service for a 12-month period, the amount of the deposit shall be recalculated using actual data. Any difference between the projected and actual amounts must be resolved by the Customer paying any additional amount that may be billed by the utility or the utility returning any overcharge. Credit in lieu of a cash deposit may be deemed satisfactorily established if the applicant for service furnishes a satisfactory guarantor, an irrevocable letter of credit from a bank, or a satisfactory surety bond to secure payment of bills.

Interest will be paid by the Company on Customer deposits at the rate of 2 percent per annum. The Company will pay interest on Non-Residential Customer deposits at the rate of 3 percent per annum in cases where the Customer has established a satisfactory payment record and has had continuous service for a period of 23 months as consistent with PSC Rule 25- 7.083(6). The Company has the option of refunding deposits after 23 months. The amount of such interest due any Customer shall be credited to the Customer's bill at least annually or upon termination of service, provided the account has been active for at least six months and the deposit has been held for at least that period.

The Company may charge, upon written notice of not less than 30 days, such notice being separate and apart from any bill for service, a new deposit where previously waived or returned, or an additional deposit, in order to secure payment of current bills.

When service is terminated, any balance of the amount deposited and interest accrued will be returned to the Customer; or the deposit may be returned at any time previous thereto at the option of the Company.

RULES AND REGULATIONS (Continued)

2. DEPOSITS TO GUARANTEE PAYMENT OF BILLS(CONTINUED)

Residential deposits will be returned after the Customer has had continuous service for a period of 23 months and has not in the preceding 12 months made more than one late payment of a bill, paid with a check refused by a bank, been disconnected for non-payment, tampered with the gas meter, or used service in a fraudulent or unauthorized manner. In each case where a refund is made the amount of the deposit and interest will be applied against any amount owed by the Customer and the balance refunded. At the option of the Customer, the deposit will be refunded in full after payment of the final bill.

All Commission Rules and Regulations pertaining to Customer deposits (PSC Rule 25-7.083) are incorporated herein by reference and those Commission Rules govern in the event of conflict with Company Rules herein.

3. METERING

The Customer shall provide a suitable location satisfactory to the Company for its metering equipment.

This location shall be convenient and accessible at all times to the Company for its meter readers and other agents. This location shall conform with all local, State and Federal requirements.

The representatives of the Company shall be given access to the premises of the Customer at all reasonable times for obtaining meter readings, for shutting off the flow of gas for reasons herein prescribed, for inspection of piping and appliances, and for inspecting, removing, repairing, or protecting from abuse or fraud any of the property of the Company installed on the premises, and particularly for emergency purposes.

The Company in its sole discretion may install, at its expense, an Automatic Meter Reading ("AMR") device to monitor a Customer's gas consumption. However, when gas is to be delivered at a pressure in excess of the Company's standard gauge pressure or such equipment is required by the Rate Schedule under which the Customer will receive service, the Company shall determine any necessary equipment inclusive of compensating and AMR devices, including devices capable of providing daily readings, to be installed at the Customer's expense. If an AMR device is requested by the Customer, the AMR device and any necessary appurtenances shall be installed at the Customer's expense if the installation is deemed feasible by the Company. When such devices require attachment to telephone and/or electric utilities, the Customer shall provide and pay for suitable connections unless the Company elects to make such connections.

Customer shall not tamper with or remove meters or other equipment or permit access thereto, except by authorized employees or agents of Company.

All equipment furnished by the Company shall remain its property and may be replaced whenever deemed necessary by the Company or as required by the Commission and may be removed by the Company at any time after discontinuance of service. Payments made by the Customer shall not give the Customer ownership of the equipment.

RULES AND REGULATIONS (Continued)

3. METERING (Continued)

The Customer shall be liable to the Company for damage to or loss of meters, connections, or other Company property on their premises due to negligence or carelessness on the part of the Customer, members of their household, their agents, or employees

The gas supplied to any Customer shall be measured at the pressure existing at the meter. Gas supplied at other than the standard delivery pressure of the Company will be corrected to effect meter readings at the standard delivery pressure.

In the event of stoppage or failure of a meter to register the utility shall bill the Customer on an estimate of the gas used for a period not to exceed 12 months based on the Customer's past consumption.

In the case of unauthorized or fraudulent use, or meter tampering the utility shall bill the Customer on an estimate of the gas used, based on the Customer's past consumption or gas equipment at premises whichever is greater.

The Company will select the type and make of metering equipment and may, from time to time, change or alter such equipment. It shall be the obligation of the Company to supply meters that will accurately and adequately furnish records for billing purposes. Bills will be based upon registration of Company meters only.

With the exception of the following, the gas supplied to any Customer, under any of the Company's Rate Schedules, shall not be re-metered or sub-metered for sale either directly or indirectly. Under no conditions will service be rendered under any agreement whereby the Customer or their tenants resell the gas either within or without their premises, nor under conditions by which gas is transmitted outside the premises under contract.

A. Residential Meter Reading

All Residential Customers shall be included in one of the Company's regularly scheduled meter reading cycles with each cycle being read every month through automated meter reading (AMR) devices. The AMR technology allows the Company to read meters remotely; however, if a read is not obtained the Customer's meter readings will be noted as estimated until the Company obtains an actual meter reading.

RULES AND REGULATIONS (Continued)

3. METERING (Continued)

B. Meter Reading Estimates

Where the Company does not, for any reason, read the meter, the Company may estimate the amount of gas supplied based upon past usage, seasonal conditions, and other available information and submit a bill determined on that basis. Such a bill shall be marked as an estimated bill. Adjustment of Customer's estimated usage to actual usage shall be made when an actual reading is next obtained.

C. PSC Rule 25-7.071 Measuring Customer Service

PSC Rule 25-7.071 is included herein:

(1) All gas sold to Customers shall be measured by commercially acceptable measuring devices owned and maintained by the utility, except where it is impractical to meter loads, such as street lighting, temporary or special installations, in which case the consumption may be calculated, or billed on a rate or as provided in the utility's filed tariff.

(2)(a) Individual gas metering by the utility shall be required for each separate occupancy unit of new commercial establishments, Residential buildings, condominiums, cooperatives, marinas, and trailer, mobile home and recreational vehicle parks for which construction is commenced after January 1, 1987. This requirement shall apply whether or not the facility is engaged in a time-sharing plan. Individual meters shall not, however, be required:

i. In those portions of a commercial establishment where the floor space dimensions or physical configuration of the units are subject to alteration, as evidenced by non-structural element partition walls, unless the utility determines that adequate provisions can be made to modify the metering to accurately reflect such alterations;

ii. For gas used in central heating, central water heating ventilating and air conditioning systems, or gas back up service to storage heating and cooling systems:

iii. For gas used in specialized-use housing accommodations such as hospitals, nursing homes, living facilities located on the same premises as, and operated in conjunction with, a nursing home or other health care facility providing at least the same level and types of services as a nursing home, convalescent homes, facilities certificated under Chapter 651, Florida Statutes, college dormitories, convents, sorority houses, fraternity houses, motels, hotels, and similar facilities. For separate, specially-designated areas for overnight occupancy at trailer, mobile home and recreation vehicle parks where permanent residency is not established and for marinas where living aboard is prohibited by ordinance, deed restriction, or other permanent means;

RULES AND REGULATIONS (Continued)

3. METERING (Continued)

iv. In such multiple occupancy units which would require the provision of individual gas service above the second story, unless specifically requested.

(2)(b) For purposes of this Rule:

i. "Occupancy unit" means that portion of any commercial establishment, single and multi-unit Residential building, or trailer, mobile home or recreational vehicle park, or marina which is set apart from the rest of such facility by clearly determinable boundaries as described in the rental, lease or ownership agreement for such unit.

ii. "Time-sharing plan" means any arrangement, plan, scheme, or similar device, whether by membership, agreement, tenancy in common, sale, lease, deed, rental agreement, license, or right-to-use agreement or by any other means, whereby a purchaser, in exchange for consideration, receives a right to use accommodations or facilities, or both, for a specific period of time less than a full year during any given year, but not necessarily for consecutive years, and which extends for a period of more than three years.

iii. The construction of a new commercial establishment, Residential building, marina, or trailer, mobile home or recreational vehicle park shall be deemed to commence on the date when the building structure permit is issued.

iv. The individual metering requirement is waived for any time-sharing facility for which construction was commenced before January 1, 1987 in which separate occupancy units were not metered in accordance with subsection (2)(a).

(3) Where individual metering is not required under Subsection (2)(a)iii and master metering is used in lieu thereof, sub-metering may be used by the Customer of record/owner of such facility solely for the purpose of allocating the cost of the gas billed by the utility. The term "cost" as used herein represents only those charges specifically authorized by the gas utility's tariff including but not limited to the Customer, energy, purchased gas adjustment, and conservation charges made by the gas utility plus applicable taxes and fees to the Customer of record responsible for the master meter payments. The term cannot be construed to include late payment charges, returned check charges, the cost of the distribution system behind the master meter, the cost for billing, and other such costs.

4. PIPING AND APPLIANCES

The piping, fixtures, and appliances for which the Customer is responsible shall be maintained in conformity with all Local, State and Federal requirements.

RULES AND REGULATIONS (Continued)

3. GAS LEAKS

The Customer shall give immediate notice to the Company of leakage of gas. No deduction on account of leakage shall be required to be made from Customer's bills unless such leakage occurs as the result of fault or neglect of agents of the Company. In case of leakage or fire, the stopcock at the meter should be closed without delay and no light or flame used in the vicinity of the leak.

4. CONNECT CHARGE

A charge of \$90.00 for Residential service or \$150.00 for Non-Residential service will be made on the Customer's next bill when gas service is initiated, connected or turned-on. If service is performed, at Customer request, outside of normal business hours the charges shall be \$110.00 for Residential service or \$200.00 for Non-Residential service.

5. RECONNECTION CHARGE

A charge of \$90.00 for Residential service or \$105.00 for Non-Residential service will be made on the Customer's next bill when gas service is reconnected after disconnection for non-payment of bills. If service is performed, at Customer request, outside of normal business hours the charges shall be \$105.00 for Residential service or \$120.00 for Non-Residential service.

6. FAILED TRIP CHARGE

A charge of \$20 for Residential and Non-Residential service will be made on the Customer's next bill when the Customer fails to keep a scheduled appointment with the Company's employee, agent or representative.

7. LATE PAYMENT CHARGE

A bill shall be considered past due upon the expiration of twenty (20) days from the date of mailing or other delivery thereof by Company. The balance of all past due charges for services rendered are subject to a Late Payment Charge of 1.5% or \$5.00 whichever is greater, except that the Late Payment Charge applied to the accounts of federal, state, and local governmental entities, agencies and instrumentalities shall be at a rate no greater than allowed, and in a manner permitted by applicable law.

8. RETURNED CHECKS

The service charge for each returned check shall be determined in accordance with section 68.065, Florida Statutes. Payment of the full amount of the dishonored payment, plus a service charge of \$25 if the face value does not exceed \$50, \$30 if the face value exceeds \$50 but does not exceed \$300, \$40 if the face value exceeds \$300, or 5 percent of the face amount of the dishonored instrument, whichever is greater.

RULES AND REGULATIONS (Continued)

11. OTHER CHARGES

The following charges relating to Customer accounts will apply:

Change of account	\$20.00
Bill collection in lieu of disconnection	\$25.00
(outside of normal business hours)	\$32.00
Meter read outside normal schedule	\$15.00
(outside of normal business hours)	\$22.00

12. Temporary Disconnection of Service – Customer Request

A charge of \$35.00 for Residential and Non-Residential service will be made on the Customer's next bill when the Customer requests a Temporary Disconnection of Service. If service is performed, at Customer request, outside of normal business hours the charges shall be \$45.00 for Residential and Non-Residential service.

13. RIGHT TO SUSPEND OR DISCONTINUE SERVICE TO A CUSTOMER

The Company may temporarily shut off the supply of gas to the Customer's premises after reasonable notice for the purpose of making necessary repairs or adjustments to mains or supply pipes, and reserves the right to shut off the supply of gas without notice in case of emergency. In addition the PSC Rule 25-7.089, Refusal or Discontinuance of Service by Utility, as follows, shall apply:

(1) Until adequate facilities can be provided a utility may refuse to serve an applicant if, in the best judgment of the utility, it does not have adequate facilities or supply of gas to render the service applied for, or if the service is of a character that is likely to affect unfavorably service to other Customer.

(2) If the utility refuses service for any reason specified in this subsection, the utility shall notify the applicant for service as soon as practicable, pursuant to subsection (5), of the reason for refusal of service. If the utility will discontinue service, the utility shall notify the Customer at least 5 working days prior to discontinuance that service will cease unless the deficiency is corrected in compliance with the utility's regulations, resolved through mutual agreement, or successfully disputed by the Customer. The 5-day notice provision does not apply to paragraphs (h), (i) or (j). In all instances involving refusal or discontinuance of service the utility shall advise in its notice that persons dissatisfied with the utility's decision to refuse or discontinue service may register their complaint with the utility's Customer relations personnel and to the Florida Public Service Commission at 1-800-342-3552 which is a toll free number. As applicable, each utility may refuse or discontinue service under the following conditions:

RULES AND REGULATIONS (Continued)

13. RIGHT TO SUSPEND OR DISCONTINUE SERVICE TO A CUSTOMER (Continued)

- (a) For non-compliance with or violation of any State or municipal law or regulation governing gas service.
- (b) For failure or refusal of the Customer to correct any deficiencies or defects in his piping or appliances which are reported to him by the utility.
- (c) For the use of gas for any other property or purpose than that described in the application.
- (d) For failure or refusal to provide adequate space for the meter and service equipment of the utility.
- (e) For failure or refusal to provide the utility with a deposit to insure payment of bills in accordance with the utility's regulations provided that written notice, separate and apart from any bill for service, be given the Customer.
- (f) For neglect or refusal to provide reasonable access to the utility for the purpose of reading meters or inspection and maintenance of equipment owned by the utility provided that written notice, separate and apart from any bill for service, be given the Customer.
- (g) For non-payment of bills or noncompliance with the utility's rules and regulations, and only after there has been a diligent attempt to have the Customer comply, including 5 working days' written notice to the Customer, such notice being separate and apart from any bill for service. For purposes of this subsection, "working day" means any day on which the utility's business office is open and the U.S. Mail is delivered. Upon request of the Customer, the utility shall give a copy of the notice of discontinuance to a designated third party in the service area of the utility. A utility shall not, however, refuse or discontinue service for non-payment of a dishonored check service charge imposed by the utility.
- (h) Without notice in the event of a condition known to the utility to be hazardous.
- (i) Without notice in the event of tampering with regulators, valves, meters or other facilities furnished and owned by the utility.
- (j) Without notice in the event of unauthorized or fraudulent use of service. Whenever service is discontinued for fraudulent use of service, the utility, before restoring service, may require the Customer to make at his own expense all changes in piping or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the deficiency in revenue resulting from such fraudulent use.

RULES AND REGULATIONS (Continued)

13. RIGHT TO SUSPEND OR DISCONTINUE SERVICE TO A CUSTOMER (Continued)

(3) Service shall be restored when cause for discontinuance has been satisfactorily adjusted.

(4) When service has been discontinued for proper cause, the utility may charge a reasonable fee to defray cost of restoring service provided such charge is set out in its approved tariff on file with the Commission.

(5) In case of refusal to establish service, or whenever service is discontinued, the utility shall notify the applicant or Customer in writing of the reason for such refusal or discontinuance.

(6) If the Company has reasonable evidence that there is or may be a danger from the Customer or any occupant and/or invitee of the Customer's Premises to Company personnel or agents who might be called to said Premises in the course of their duties with the Company, including but not limited to any direct or implied threats against the Company or its personnel or agents from said Customer or occupant and/or invitee.

(7) The following shall not constitute sufficient cause for refusal or discontinuance of service to an applicant or Customer.

(a) Delinquency in payment for service by a previous occupant of the premises unless the current applicant or Customer occupied the premises at the time the delinquency occurred and the previous Customer continues to occupy the premises and such previous Customer will receive benefit from such service.

(b) Failure to pay for appliances purchased from the utility.

(c) Failure to pay for a different type of utility service, such as electricity or water.

(d) Failure to pay for a different class of service.

(e) Failure to pay the bill of another Customer as guarantor thereof.

(f) Failure to pay a dishonored check service charge imposed by the utility.

(8) No utility shall discontinue service to any noncommercial Customer between 12:00 noon on a Friday and 8:00 a.m. the following Monday or between 12:00 noon on the day preceding a holiday and 8:00 a.m. the next working day unless such discontinuance is at the request of the Customer or is necessary in the interest of safety. Holiday as used in this subsection shall mean New Years Day, Memorial Day, July 4, Labor Day, Thanksgiving Day, and Christmas Day.

(9) Each utility shall submit, as a tariff item, a procedure for discontinuance of service when that service is medically essential.

RULES AND REGULATIONS (Continued)

13. RIGHT TO SUSPEND OR DISCONTINUE SERVICE TO A CUSTOMER (Continued)

Failure of Company to exercise its rights to suspend, curtail or discontinue service, for any of the above reasons, shall not be deemed a waiver thereof.

When service has been discontinued for any of the reasons set forth in the Tariff, the Company shall not be required to restore service until the Customer has paid the applicable charges to the Company required for service restoration.

14. EXTENSION OF FACILITIES

A. Free Extensions of Mains and Services: The maximum capital investment required to be made by the Company for main and service facilities without cost to the Customer shall be defined as the Maximum Allowable Construction Cost ("MACC"). The MACC shall equal six times the annual Margin Revenues estimated to be derived from the facilities. However, Customers initially served under the Residential Standby Generator Service ("RSG") and Commercial Standby Generator Service ("CSG") Rate Schedules shall not be eligible for extension allowances, even if additional load is added at a later date, but such Customers may be eligible to receive refunds of amounts paid to the Company for extensions under B.(2)below.

B. Extensions of Mains and Services Above Free Limit: When the cost of the extension required to provide service is greater than the free limit specified above, the Company may require a non-interest bearing advance in Aid to Construction ("ATC") equal to the cost in excess of such free limit provided that:

(1) At the end of the first year following construction, the Company shall refund to the person paying the ATC or their assigns an amount equal to the excess, if any, of the MACC as recalculated using actual gas revenues, less the actual cost of gas, over the estimated MACC used to determine the amount of the ATC.

(2) For each additional Customer taking service at any point on the extension within a period of five (5) years from date of construction, the Company shall refund to the person paying the ATC or their assigns an amount by which the MACC for the new Customer exceeds the cost of connecting the Customer, provided that an additional main extension shall have not been necessary to serve the additional Customer.

(3) The aggregate refund to any Customer made through the provisions of (a) and (b) above shall at no time exceed the original ATC of such Customer.

(4) The extension shall at all times be the property of the Company and any un-refunded portion of the ATC at the end of five (5) years shall be credited to the plant account of the Company.

(5) The Company may require a commitment by a Customer to take or pay for a minimum volume of gas as deemed appropriate by the Company given the circumstances of facility cost and/or the service requirements of a particular Customer. In no instance will the minimum volume commitment be set at a level that exceeds the volume amount used to calculate the MACC for the Customer, nor will the volume commitment term exceed six (6) years.

RULES AND REGULATIONS (Continued)

14. EXTENSION OF FACILITIES (Continued)

C. Area Extension Program Charge: Notwithstanding the provisions of Sections A and B when facilities are to be extended to serve single or multiple delivery points in a discrete geographic area, the Company may require an Area Extension Program Charge ("AEP"). The Company, in its sole discretion, may require this charge when:

(1) The cost of the project facilities required to provide service through the area is greater than the aggregate MACC for the Customers to be served; and

(2) The Company reasonably forecasts Margin Revenues plus the AEP during the period ending ten years from when the mains required to serve the project facilities are placed in service (the Amortization Period), that are sufficient to recover the cost of the project facilities.

The AEP, which shall be stated on a per therm basis, shall apply with respect to all gas sold or transported to Company Customers located within the applicable discrete geographic area during the Amortization Period.

The AEP will be calculated by dividing (1) the amount of additional revenue required in excess of the Company's applicable tariff rates by (2) the volume of gas reasonably forecast to be sold or transported to Customers within the applicable discrete geographic area during the Amortization Period. The additional revenue required is that amount determined necessary to recover the excess cost of the facilities, including the Company's allowed cost of capital.

AEP collected shall be used specifically to amortize the cost of the project facilities within the applicable discrete geographic area that are in excess of the MACC. If the AEP collected is sufficient before the expiration of the Amortization Period to fully amortize the excess costs, including provision for the accumulated cost of capital, the AEP for that area shall terminate immediately, and the Company shall promptly credit the affected Customers for amounts over collected, if any.

Upon the earlier of (1) the third anniversary of the date when the project facilities are placed in service and (2) the date on which 80% of the originally forecast annual load is connected, the Company will reassess the amount of additional revenue required to recover the unamortized excess cost of the facilities and the calculation of the AEP. Further reassessments shall be performed by the Company following the fifth, seventh and ninth anniversary of the date when the project facilities were originally placed in service. The resulting adjustment of the AEP (whether upward or downward) will be applied over the remainder of the Amortization Period.

RULES AND REGULATIONS (Continued)

14. EXTENSION OF FACILITIES (Continued)

The Company may enter into a guaranty agreement with the party or parties requesting the extension, whereby that party or parties agree to pay to the Company any unamortized balance remaining at the end of the Amortization Period. The Company's rights under the guaranty agreement will not be considered when calculating the AEP.

The length of the Amortization Period may be modified upon the specific approval of the Florida Public Service Commission.

D. General

The Company will own control and maintain all service pipes, regulators, vents, meters, meter connections, valves and other appurtenances from the main to the outlet side of the meter.

The extension of facilities provisions shall not require the Company to extend its mains across private property or in streets that are not at established grade; nor prohibit the Company from making extensions of mains of greater length than required herein.

RESERVED FOR FUTURE USE

RESERVED FOR FUTURE USE

RESERVED FOR FUTURE USE

RESERVED FOR FUTURE USE

15. TRANSPORTATION AND SPECIAL CONDITIONS

A. CLASSIFICATION OF POOL MANAGERS AND TRANSPORTATION SERVICES

1. Classification of Pool Managers:

a. CI Pool Manager:

Any Company-approved Pool Manager that is authorized to deliver Gas to: i) Company's Receipt Point(s), which is subsequently delivered by Company at the Company Delivery Point(s) to Commercial, Industrial, and/or Special Purpose Customers, or ii) a Transportation Service Provider Delivery Point(s) where Company provided the Off-System Delivery Point Operator Service.

2. Classification of Services:

a. Regulated Sales Service:

Gas sales made by the Company through Company's Purchased Gas Cost Recovery mechanism. This service is required for all Residential Customers located in all Florida City Gas' Service Areas and is optional for all Non-Residential Customers.

b. Transportation Service:

Transportation Service is optional for all Non-Residential Florida City Gas Customers. Transportation Services will be provided under Company's Individual or Aggregated Transportation Service Program(s), in accordance with the Rules and Regulations set forth in this Tariff.

i. Individual Transportation Service (ITS):

1. Individual Transportation Service is available to Customers who are served under Company's Flexible Gas Service (FGS), Contract Demand Service (KDS) and Special Contract Customers. Individual Transportation Service Customers are required to execute a Transportation Service Agreement with the Company.

ii. Aggregated Transportation Service (ATS):

1. CI Service Pools:

All Florida City Gas Non-Residential Customers shall have the option of utilizing ATS and shall utilize a Company approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s) or purchasing Gas from Company's Regulated Sales Service Pool.

c. Special Contract Service (SCS):

Transportation Service provided to a Customer at the sole option of the Company pursuant to Florida Public Service Commission Rule 25-9.034, FAC, where the rates, terms and conditions for service may be different than those set forth in the Company's approved Tariff. All SCS Customers shall enter into a Special Contract Agreement with the Company, which is subject to the approval of the FPSC. Billing Adjustments and Taxes and Fees, as set forth in the Rate Schedule Section of this Tariff, may also apply.

RULES AND REGULATIONS - Continued

d. Off System Sales Service (OSSS-1):

Interruptible Natural Gas delivered by Company to any person not connected to Company's distribution system. Customer and Company shall rely on measurement made by the Transportation Service Provider. Unless curtailed, all Nominations to Customer's Transportation Service Provider Pipeline Delivery Point shall be considered to have been made by the Transportation Service Provider. Off-System Sales include i) intrastate and interstate pipeline capacity releases made by the Company, ii) commodity sales made by the Company, and / or iii) delivered sales made by the Company. Fifty percent (50%) of the net revenues shall be retained by Company. The remaining fifty percent (50%) of the net revenues shall be used to reduce Company's costs recovered through the Company's Purchase Gas Cost Recovery Clause.

e. Shipper Administrative Service (SAS):

Administrative service provided to a Pool Manager under the SAS rate schedule, in accordance with the Rules and Regulations set forth in this Tariff. The Company shall provide the following services to Pool Managers under the SAS; i) reading of Customer's Meters, ii) provision of Customer projected monthly usage information, along with Transportation Service Provider capacity quantity to be released to Pool Manager, iii) provision of Customer usage information to Pool Manager each Month, iv) retention of Customer's historical usage information, v) Letter of Authorization review and administration, and vi) other service as the company may determine necessary to administer Gas deliveries by Pool

Managers to Customers. This service is required for CI Pool Managers. Billing Adjustments and Taxes and Fees, as set forth in the Rate Schedule Section of this Tariff, may also apply.

B. LIMITATIONS OF SUPPLY

Company reserves the right, subject to regulatory authority having jurisdiction, to limit, restrict or refuse service that will result in additions to its distribution system and/or production capacity and/or alterations in its contractual requirements of supply from nonaffiliated companies that may jeopardize service to existing Customers.

Under no circumstances is Company required to deliver hourly quantities of natural gas greater than the hourly quantities of natural gas that has been scheduled by the interstate or intrastate pipeline directly upstream of Company's facilities.

RULES AND REGULATIONS - Continued

C. WARRANTY, CONTROL, AND INDEMNIFICATION

1. Warranty:

Pool Manager warrants that it will have good and merchantable title to, all Gas delivered by Transportation Service Provider to Company for Shipper's account at Transportation Service Provider's Delivery Point(s), and that such Gas will be free and clear of all liens, encumbrances, and claims whatsoever. In the event any adverse claim in respect to said Gas is asserted, or Pool Manager breaches its warranty herein, Company shall not be required to perform its obligations to transport and deliver said Gas to Customer accounts in Pool Manager's Customer Pool or, subject to receipt of any necessary regulatory authorization, to continue service hereunder for Pool Manager until such claim has been finally determined; provided, however, that Pool Manager may receive service if i) in the case of an adverse claim, Pool Manager furnishes a bond to Company, conditioned for the protection of Company with respect to such claim, or ii) in the case of a breach of warranty, Pool Manager promptly furnishes evidence, satisfactory to Company, of Pool Manager's title to said Gas.

2. Control and Possession:

Pool Manager shall be deemed to be in control and possession of Gas prior to delivery to the Company Receipt Point(s) or Transportation Service Provider Delivery Point(s); and Company shall be deemed to be in control and possession of the Gas to be transported by it upon delivery of such Gas by Transportation Service Provider to the Delivery Point(s), and until it shall have been delivered to Company's Point(s) of Delivery. Each party, while deemed to be in control and possession of such Gas, shall be responsible for, and shall indemnify and hold the other harmless from any and all claims, actions, suits, including attorney's fees, arising out of or relating in any way to custody and control of such Gas.

3. Indemnification to Company by Customer:

The Customer shall indemnify, hold harmless, and defend the Company from and against any and all liability, proceedings, suits, cost or expense for loss, damage, or injury to persons or property, in any manner directly or indirectly connected with or growing out of the distribution and/or transportation of Gas by the Customer, as such may be defined in the CI Pool Manager Agreement.

D. TRANSPORTATION SERVICE

1. Individual Transportation Service:

a. Applicability:

Individual Transportation Service is available to Customers who are served under Company's KDS rate schedule, FGS rate schedule, and Special Contract Customers. Individual Transportation Service Customers are required to execute the applicable Transportation Service Agreement, KDS Service Agreement, FGS Agreement or, Special Contract (that has been approved by the FPSC) with the Company.

RULES AND REGULATIONS – Continued

- b. Company-Approved Pool Manager:
Unless otherwise authorized by Company, all ITS Customers shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company's Delivery Point(s). Customer shall have the right to change their Pool Manager pursuant to Section D4 below. Customer will not be charged to designate it's initial Pool Manager.
- c. Service Agreement:
All Customers receiving Individual Transportation Service shall enter into the applicable Transportation Service Agreement with Company. Upon receipt of the Customer's executed Transportation Service Agreement, the Company shall have up to thirty (30) Days to initiate service under the Agreement, in addition to any time requirements for the physical extension or improvement to the Company's facilities required to provide such service.
- d. Service Initiation:
Transportation Service may begin on the first day of the Month, provided that timely Nominations are submitted in accordance with the Company's Tariff, and such other actions as are required to cause Gas to be delivered to the Company for transportation to the Customer, are undertaken by Customer, or Customer's Agent.
- e. Full Requirements:
All Customers receiving Individual Transportation Service shall transport all of their natural gas quantity requirements through Company's distribution system. Regulated Sales Service shall not be available from the Company. Gas quantities scheduled for delivery to the Company by the Customer, or Customer's Agent that are not in balance with actual metered consumption at the Company's Delivery Point shall be subject to the imbalance resolution provisions of this Tariff.
- f. Shipper Designee:
Marketers, brokers, or other third-party suppliers of Gas that wish to act as Designees for Individual Transportation Service Customer, shall be required to execute a Shipper's Designee Form with the Company. Customer's Designee shall warrant clear title, any Gas delivered into Company's system, and Customer's facilities. Designee shall be deemed to be in exclusive control and possession of Gas prior to delivery into Company's system for redelivery to Customer. Customer's Designee shall indemnify, defend, and hold harmless Company from any and all claims, suits or damage actions arising out of deliveries on behalf of a transporting Customer.
- g. Limitation of Transportation Service:
 - i. New Premise:
Company reserves the right, subject to the regulatory authority having jurisdiction, to limit or restrict usage through establishment of an MDTQ or refuse Transportation Service to a new premise that will result in additions to

RULES AND REGULATIONS – Continued

its distribution system that may jeopardize Transportation Service to existing Customers.

ii. Existing Premise:

Company may establish a MDTQ for Gas for Non-Residential Customers at an existing premise that requests an increase in annual usage, if, in the reasonable opinion of Company, establishment of an MDTQ is necessary to protect system integrity or to ensure other existing premises are not adversely affected by said Non-Residential Customer(s) request. Company shall not be obligated to transport Non-Residential Customer-owned Gas above Non-Residential Customer's MDTQ, if established, but may do so if feasible and without adverse effect to other Customers, in the reasonable opinion of Company.

2. Aggregated Transportation Services:

a. CI Pools:

i. Obligation to Serve:

Company is responsible for the transportation of Customers' Gas. Company is not responsible for providing Gas commodity for Customers. If Customer, or Customer's Agent, if applicable, fails to provide Gas, Company may disconnect service to Customer. In the event, the Company's authorized Pool Manager fails to cause to be delivered on any day at the assigned Company Receipt Point(s) with the Company, any portion of the quantities of Gas for transportation to the Customers in the Customer Pool, the Company may immediately seek the remedies set forth in Section E2, and the applicable provisions of the CI Pool Manager Agreement(s). If such remedies result in the termination of the Pool Manager, the Company shall immediately recall all capacity released to the Pool Manager Customer will be assigned to Company's Regulated Sales Service Pool, until such time as the Customer is enrolled in a subsequent applicable Transportation Service program.

ii. Applicability:

All Florida City Gas Service Area Non-Residential Customers shall have the option of using Company's Transportation Service and shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s).

iii. Company-Approved Pool Manager:

Unless otherwise authorized by Company, Company will require all Non-residential Customers who elect to use Company's Transportation Service to designate a Pool Manager from a list of approved Pool Managers posted by Company on Company's website. Customer shall have the right to change their Pool Manager pursuant to Section G4 below. Customer will not be charged to designate its initial Pool Manager.

RULES AND REGULATIONS – Continued

iv. New Customers:

New Customers must request CI Transportation Service by submitting a Request for Gas Service. All Non-Residential Customers will be assigned to an applicable Customer Pool pursuant to Section G2 below.

v. Service Initiation:

Service will be initiated to Customer pursuant to Section U below.

Notwithstanding the above provisions, the Company may extend the time period for the initiation of service to accommodate the physical extension or improvement of the Company's facilities required to provide such service.

vi. SAS Rate Schedule:

Upon initiation of service, all CI Pool Managers shall be assigned to the SAS Rate Schedule.

vii. Service Limitation:

Customers served under a KDS, FGS, or a Special Contract shall not be eligible to receive Aggregated Transportation Service unless otherwise approved by Company.

E. AUTHORIZED POOL MANAGERS

1. CI Pool Manager Minimum Requirements:

- a. Pool Manager(s) shall be a duly authorized shipper on all Company's Transportation Service Provider's interstate pipeline systems.
- b. Pool Manager(s) shall demonstrate their capability to meet Company's standards for creditworthiness.
- c. Pool Manager(s) shall execute a CI Pool Manager Agreement with the Company prior to providing gas supply and transportation management services to the Customer Pool(s).

2. Pool Manager's Non-performance:

- a. The Company shall establish in the CI Pool Manager Agreements such standards of performance for the Pool Manager as are reasonably required to assure reliable service to the Customer Pool(s). At a minimum, all Pool Manager(s) shall be obligated to cause sufficient quantities of Gas to be delivered for the Customer Pool each and every day such that scheduled quantities for the Customer Pool remain in reasonable balance with actual consumption. The Company shall establish appropriate penalties to be enforced should the Pool Manager fail to perform. In the event of substantial non-performance, as defined in the CI Pool Manager Agreement, the Company shall terminate the Pool Manager, and transfer Pool Manager's Customers to the Company's Regulated Sales Service pool.

RULES AND REGULATIONS – Continued

3. Rate Impact of Aggregation:

Aggregated loads will not result in lower transportation rates for individual Customers.

F. CUSTOMER'S AGENT OR SHIPPER'S DESIGNEE

1. Designee Agreement:

Marketers, brokers, or other third-party suppliers of Gas that wish to act either as Agents for Individual Transportation Service Customers shall be required to execute an ITS Shipper Designee Form with the Company (Sheet No. 91).

2. Indemnification:

Customer's Agent shall warrant clear title, or right to transport, any Gas delivered into Company's system, and Customer's Agent shall be deemed to be in exclusive control and possession of Gas prior to delivery into Company's system for redelivery to Customer. Customer's Agent agrees to indemnify, defend, and hold harmless Company from any and all claims, suits or damage actions arising out of deliveries on behalf of a transporting Customer.

G. SELECTION OF POOL MANAGER

1. Approved Pool Manager:

Unless otherwise authorized by Company, all Non-Residential Customers who chose to utilize Company's Transportation Service shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s).

2. Service Initiation New Premise - Initial Service Assignment:

New Customers will be initially assigned to Company's Regulated Sales Service Pool until such time as Customer receives an initial bill from the Company and Customer submits a Letter of Authorization to a Company-approved Pool Manager and Pool Manager enrolls Customer into Pool Manager's respective CI Customer Pool.

3. Service Initiation - Existing Premise:

To initiate Transportation Service that includes Individual Transportation Service and CI Transportation Service, a Customer requesting service at an existing premise shall select a Company-approved Pool Manager and initial Pool Manager shall enroll Customer electronically via Company's website. Prior to electronic enrollment, Pool Manager shall obtain a Letter of Authorization from the Customer in the form set forth on Sheet Nos. 94-97 of this tariff and have signed by the Customer prior to enrollment.

Transportation Service by the Company to a Customer account to which an initial bill has been issued and for which service hereunder has been properly requested by electronic enrollment prior to the tenth (10th) Business Day prior to the end of the month will commence on the first day of the following calendar month following receipt by the Company of the aforesaid electronic enrollment.

RULES AND REGULATIONS – Continued

For new Customer premises to which an initial bill has not been issued, Service will be delayed until the first day of the second calendar month following enrollment by the Pool Manager.

4. Service Transfer Between Pools:

To initiate the transfer of service between Transportation Service pools that includes Individual Transportation Service, CI Transportation Service, a Customer shall select a Company-approved replacement Pool Manager and replacement Pool Manager shall enroll Customer electronically via Company's website. Prior to electronic enrollment transfer, Pool Manager shall obtain a Letter of Authorization from the Customer in the form set forth on Sheet Nos. 94-97 of this tariff and have signed by the Customer prior to enrollment. Transportation Service by the Company to a Customer account for which service hereunder has been properly requested by electronic enrollment prior to the tenth (10th) Business Day prior to the end of the month will commence on the first day of the following calendar month following receipt by the Company of the aforesaid electronic enrollment.

5. Customers Currently Receiving Service from CI Pool Manager:

Non-Residential Customers receiving service from a CI Pool Manager may select to be assigned to Company's Regulated Sales Service. Said Non-Residential Customer shall execute a Request to Return to Regulated Sales Service Form no later than ten (10) Working Days prior to the end of the Month. Customer who elects to return to Company's Regulated Sales Service Pool will be required to remain on Regulated Sales Service for a period of not less than twelve (12) Months.

6. Termination of Shipper Status:

a. CI Pool Manager:

If Company terminates a CI Pool Manager, Pool Manager's Customers shall be assigned by Company to Company's Regulated Sales Service Pool.

b. Non-Residential Customers:

i. CI Pool Manager:

Non-Residential Customers selecting an approved CI Pool Manager shall establish price and other terms and conditions of service directly with the selected CI Pool Manager.

1. Selection of CI Pool Manager:

Non-Residential Customers participating in Company's Regulated Sales Service Pool may select any approved CI Pool Manager at any time in accordance with the procedure set forth above.

RULES AND REGULATIONS – Continued

H. INITIATION OF TRANSPORTATION SERVICE

Initiation of Pool Manager Service:

Any Company-approved Pool Manager or Shipper Designee that is authorized to deliver Gas to Company's Receipt Point(s), which is subsequently delivered by Company at the Company's Delivery Point(s) under one of the Company's Transportation Service Programs will be required to meet the following provisions before service can be initiated to the Pool Manager.

1. CI Pool Manager Requirements:

- a. An entity is eligible to become a CI Pool Manager shall:
 - i. Execute a CI Pool Manager Agreement (Sheet Nos. 104-107);
 - ii. Establish credit sufficient to Company in accordance with these Rules and Regulations;
 - iii. Agree to retain copies of fully executed Customer Letter of Authorizations and provide such LOA upon request by the Company and
 - iv. Agree to receive SAS service.

2. Establishment of Credit:

- a. All Pool Managers shall establish credit prior to commencing deliveries of Gas and shall maintain such credit during the term hereof. The amount of credit established by each Pool Manager will be equal to the greater of \$10,000 or an amount equal to Pool Manager's highest two (2) months aggregated Daily Demand Requirement for the most recent 24-month period multiplied by the applicable Transportation Service Provider's applicable rate schedule(s). Credit will be established by one of the following methods:
 - i. Payment of a cash deposit with Company;
 - ii. Furnishing an irrevocable letter of credit from a bank;
 - iii. Furnishing a surety bond issued by an entity acceptable to the Company;
 - iv. Possessing and maintaining a Standard & Poor's Long-Term Debt Rating of A- or better, a Moody's rating of A3 or better, or a comparable rating by another nationally recognized rating organization acceptable to Company; or
 - v. Providing an acceptable parental or corporate guarantee.

If the Pool Manager seeks to establish credit, Pool Manager shall furnish to Company Pool Manager's audited financial statements (accompanied by the opinion of and independent certified public accountants or chartered accountants of a recognized national or regional standing) for at least the two most recently completed fiscal years.

All Pool Manager deposits will be subject to an annual review by Company and will be adjusted and billed accordingly. The minimum deposit maintained by each Pool Manager will be \$10,000.

RULES AND REGULATIONS – Continued

I. CAPACITY ASSIGNMENT AND RECALL

1. Intent of Capacity Release:

Company, through its Service Agreements with Transportation Service Providers, has contracted for firm capacity rights on the Transportation Service Providers' pipeline systems. Company will temporarily relinquish capacity to Customer or Pool Manager, as applicable, each Month, utilizing the methodology described below, on Transportation Service Provider's systems for Customers and Pool Managers' use in transporting Gas to Company's Individual Transportation Service, and CI Customer Pool(s). Company will retain enough capacity to serve Company's Regulated Sales Service Customer Pool each Month.

2. Capacity Release Methodology:

The Company shall retain, adequate quantities of capacity on Transportation Service Providers' systems to serve Company's Regulated Sales Service Customer Pool prior to the allocation of capacity to Individual Transportation Service Customers who have executed a capacity release agreement with the Company, and Pool Manager Customer Pools. The Company shall temporarily relinquish quantities of Transportation Service Provider Capacity to i) individual Customers who have executed Capacity Release Agreements with the Company and ii) CI Pool Managers each Month.

3. Daily Demand Requirement Calculation and Quantity of Capacity for Release:

Each Month after adequate capacity is allocated to Company's Regulated Sales Service Pool, Company shall determine the aggregated DDR to be relinquished to each Aggregated Transportation Service Pool Manager using the following methodology:

- a. For each existing and new Aggregated Transportation Service Customer (both CI Daily and Cycle Read Pools), the aggregated DDR shall be determined by using the prior year's applicable Month Gas consumption for each Customer in the Customer Pool (adjusted for Customer additions and losses from the succeeding eleven-Month period) and dividing by the number of days in the applicable Month, then dividing the result of this calculation (Therms per Gas Day) by ten (10) (to convert Therms to Dekatherms); and then rounding up to the next whole Dekatherm. In the case of the CI Daily Read Pool(s) and only for the purposes of calculating the Pool Manager's aggregated Daily Capacity (release) Quantity ("DCQ"), the aggregated DDR calculated above will be multiplied by 0.0 or no greater than 1.0, ("DCQ Factor") at the Company's sole discretion. The DCQ Factor will be determined on an annual basis by the Company.
- b. Daily Read Pool Managers may request and Company may provide, in Company's sole discretion, up to one hundred percent (100%) of Customer's total historical DDR.
- c. Each Month, the Company shall determine the total aggregated DDR for each Customer Pool, in accordance with the methodology described herein. Adjustments to Pool Manager's aggregated DDR will occur from time to time to reflect changes in the Company's weighted average cost of capacity and as a

RULES AND REGULATIONS – Continued

Daily Demand Requirement Calculation and Quantity of Capacity for Release - Continued

result of the enrollment and transfer of Customers to and between Customer Pools.

For each existing and new Individual Transportation Service Customer, Company will relinquish capacity based on Customer MDTQ as provided in the Capacity Release Agreement (if any) between Customer and Company. Customer must elect a MDTQ of sufficient quantity to satisfy the Customer's Monthly natural gas requirements. Company will provide Customer a twelve-Month consumption history to assist in making its initial election.

4. Scope of Capacity Release:

- a. Pool Manager Service Agreements with Transportation Service Providers:
Pool Manager shall enter into all required agreements with each Transportation Service Provider so that Pool Manager has all necessary rights to accept and acquire the relinquished capacity from Company hereunder. Capacity releases shall be made on a temporary basis, in accordance with applicable FERC rules and regulations, as they may change from time to time. Pool Manager shall have sole responsibility for complying with all provisions of such agreements and all applicable provisions of Transportation Service Providers' FERC Tariffs.
- b. Relinquishment Notices:
Each Month, Company shall provide to Transportation Service Providers the notice of capacity release required under the rules and regulations of the respective Transportation Service Provider's FERC Tariff. Such notices shall offer to relinquish, on a temporary basis, that portion of the Pool Manager's aggregated DCQ to be relinquished by Company by Customer Pool. Company shall diligently and in a time sufficient for Pool Manager to commence use of the released capacity, take all other actions required under the rules and regulations of the respective Transportation Service Provider's FERC Tariff to relinquish capacity to Pool Manager. Capacity releases will be released to Customers, Pool Managers, and Shipper's Designee(s) pursuant to Company's state-approved retail choice programs as set forth in this Section W. of this Tariff.
- c. Acceptance of Capacity Release:
Pool Manager shall diligently and in a timely manner take all actions necessary under the rules and regulations of Transportation Service Provider's FERC Tariffs to acquire and accept the capacity relinquished by Company. Company has no obligation to relinquish capacity to Pool Manager in quantities greater than the Aggregated DCQ. If after five (5) days, Pool Manager does not acquire requisite capacity, Pool Manager may be terminated.

RULES AND REGULATIONS – Continued

5. Capacity Exceeding Released Quantities:

If Pool Manager's Customer Pool's aggregated DDR is greater than Pool Manager's Customer Pool's aggregated DCQ, Pool Manager shall be responsible for taking such actions as are required to obtain sufficient Transportation Service Provider capacity to meet its Customer Pool requirements (aggregated DDR), such additional quantities shall be defined as Pool Manager's Customer Pool's Daily Delivery Capacity Variance ("DDCV"). Pool Manager may acquire such Transportation Service Provider capacity quantities from any source.

6. Capacity Charges:

Pool Manager shall pay to Transportation Service Provider the rate listed in Company's relinquishment notice. Such rate will be based on Company's annualized weighted average cost of capacity excluding releases to ITS Customers, Customers receiving service under Rate Schedules KDS, FGS, and those Customers served by the Company pursuant to a Special Contract, those Customers who utilize upstream capacity released by the Company pursuant to an asset management agreement, and capacity released by Company pursuant to a long term capacity release i.e., a period a longer than one (1) year) or the negotiated rate for the capacity relinquished by the Company. Pool Manager shall indemnify Company and hold it harmless from any and all rates and charges assessed by Transportation Service Provider to Company for the relinquished capacity.

7. Capacity Payments:

Pool Manager shall make all payments to Transportation Service Provider(s) for the relinquished capacity in accordance with Transportation Service Provider's FERC Tariffs, and by any applicable FERC rule or order. If Pool Manager fails to make such payments, Company may make such payments on behalf of Pool Manager (in a manner which preserves any rights which Pool Manager may have to dispute the nature or amount of the charges). Pool Manager shall reimburse Company for such payments inclusive of interest, at the highest interest rate allowed by law, from the date such payments are made by Company to Transportation Service Provider.

8. Recall Rights to Released Capacity:

- a. All capacity relinquished to Pool Manager by Company, may be recalled by Company from time to time to facilitate the redistribution of capacity among Pool Managers to accommodate Customer migration, or to change the rate of the release regardless of the term of a specific capacity release by Company to Pool Manager.
- b. Company shall have the right to recall temporarily or permanently a portion or all of the capacity relinquished hereunder, subject to the applicable notice requirements in Transportation Service Providers' FERC Tariffs, in the event that Pool Manager breaches its contractual obligations of payment to Transportation Service Provider for the released capacity; or (ii) Pool Manager otherwise breaches the terms and conditions of this Tariff. In the event Company temporarily recalls a portion of the relinquished capacity, Company shall re-release such capacity to Pool Manager within ten (10) Working Days after Pool

RULES AND REGULATIONS – Continued

Recall Rights to Released Capacity – Continued

Manager has provided assurance satisfactory to Company, in Company's reasonable discretion, that the cause which gave rise to Company's recall right has been removed.

- c. Capacity is required to serve Company's high priority Customer or to maintain the operational integrity of Company's distribution system(s).
- d. A Pool Manager's failure to meet the security requirements of this Tariff.
- e. A filing of bankruptcy by a Pool Manager.
- f. An order from the FPSC or FERC where recall would be necessary to comply with Commission orders.

9. Retained Right of First Refusal:

Company shall retain the sole right to affirmatively exercise, at the time specified in the Service Agreement, Transportation Service Provider's FERC Tariffs, or any FERC rule or order, any right of first refusal mechanism (however denominated), including the option to extinguish such right, applicable to the relinquished capacity; provided, however, that Company may not exercise any such right in a manner which would impair Pool Manager's right to use the relinquished capacity during the term of any release.

10. Periodic Open Seasons:

Company may hold an open season for incremental capacity releases not less than once per year. The open season may be held from April 1st through April 15th of each calendar year or other such period that Company may elect. Primary firm capacity from

the Company's interstate capacity portfolio will be made available to on-system Customers and Pool Managers on an as-available basis.

Releases by the Company will be for a period of not less than one year. Incremental quantities when aggregated with existing capacity release quantities made by Company to a Customer or Pool Manager will be not greater than the monthly historical demand quantity of the Customer or Customer Pool.

Releases requested during the applicable open season period will be awarded on a pro-rata basis and the awarded releases will be implemented not later than June 1st of the same calendar year or the first calendar Day of the month following the first full month after capacity has been awarded to the acquiring Customer or Pool Manager. Capacity awarded, if available, will be made on a not unduly discriminatory basis by the Company.

11. Capacity Acquisition:

a. Customer Pools:

Company shall provide to Pool Managers each Month, at least four (4) Days prior to Transportation Service Provider's deadline for posting capacity releases for the first day of the following Month, (i) a list of the accounts comprising Pool Manager's Customer Pool and the associated Non-Residential Customer DDRs, (ii) the estimated total Gas requirements to meet the needs of each of Pool Manager's Customer Pools for such following Month i.e., Pool Manager's aggregated DDR and, (iii) the aggregated DCQ that Company proposes to relinquish to Pool Manager for each Customer Pool. Pool Manager shall confirm the accuracy of the list of accounts comprising Pool Manager's Customer Pool with Company within one (1) Business Day after delivery of the Customer list to Pool Manager. If Pool Manager fails to confirm the accuracy of said list, Company shall proceed with the release to Pool Manager based on the information provided.

b. Maximum Daily Transportation Quantity (MDTQ):

Company may establish a MDTQ for Gas for one or more Customer(s) or Pool Manager(s) if, in the reasonable opinion of the Company, it is necessary to protect system integrity or to ensure existing Customers are not adversely affected by Customer(s) and or Pool Manager(s) requiring an MDTQ. Company shall not be obligated to transport Gas above the Customer's or Pool Manager's MDTQ, if established, but may do so if feasible and without adverse effect to other Customers, in the reasonable opinion of the Company.

12. Pool Manager's Firm Delivery Requirements:

- a. Unless excused by Force Majeure, Pool Manager shall cause Transportation Service Providers to deliver on each Gas Day to Company Primary Receipt Points where Company is the DPO a quantity of Gas sufficient to reliably serve the requirements of its Customer Pool and off-system Customers. Pool Manager shall have no obligation to deliver Gas to Company on behalf of Customers whose service is terminated, either upon request of the Customer or for cause. Company shall promptly notify the Pool Manager of any known change in Customer account status that will affect Gas quantity deliveries.
- b. If any act or omission of Pool Manager causes Company, as the DPO, to incur any Transportation Service Provider penalties, other expenses or liabilities of any kind, Pool Manager will indemnify and reimburse Company for all said penalties, other expenses, or liabilities. Nothing herein shall be deemed to foreclose Company from employing other remedies, including cessation of deliveries for the unauthorized usage of Gas.

RULES AND REGULATIONS – Continued

J. NOMINATIONS AND SCHEDULING

Nominations and Scheduling:

All CI Daily, Cycle Read Pool Managers and ITS Customers, shall submit to the Company all Nomination and scheduling information affecting Company's Delivery Points simultaneous to any submission to Transportation Service Provider(s). In addition, each Customer, Pool Manager, or Shipper Designee shall submit to Company each day Nominated quantities for each Individual Transportation Service Customer that is required to have and has electronic telemetering equipment installed, ("Telemetered Customer").

CI Cycle Read Pools will be permitted one Nomination change within the Month. Such Nomination must be delivered to Company no later than the fifteenth (15th) of the applicable Month.

CI Daily Read Pool(s) will be permitted to change Nominations throughout the applicable Month.

Such Nomination shall include the following information:

1. The Customer, Shipper's Designee or Pool Manager's account number under which service is being nominated – "Del Loc" (Delivery Location);
2. The Company Receipt Point location including applicable POI and upstream pipeline name, package ID "Pkg ID" (Package ID), including Customer's or Pool Manager's Company account number "Dn K" (Downstream Contract), and quantity in Therms of Gas to be tendered at each Company Receipt Point "Nom Del Qty" (PM Delivery Quantity);
3. The downstream delivery facility name, and quantity in Therms of Gas to be delivered for each Company Customer account or Pool "Dn Name" (Duns Number);
4. A beginning and ending date for each Nomination;
5. Ranking for allocation "Del Rank" (Delivery Rank)

Only Nominations with clearly matching identifiers will be scheduled and subsequently delivered by Company.

Transportation Interruption and Curtailment:

Company shall have the right to reduce or completely curtail deliveries to Customers as follows:

1. If, in Company's opinion, Customer will overrun the volume of Gas to which it is entitled from its supplier (or overrun the volume of Gas being delivered to Company for Customer's account); or
2. In the event Company is notified by its delivering pipeline pursuant to the FERC approved curtailment plans or provision of its tariff to interrupt or curtail deliveries; or
3. When necessary to maintain the operation reliability of Company's system.

Company will endeavor to give as much notice as possible to Customer in the event of interruption or curtailment. Any Gas taken in excess of an interruption or curtailment order shall be considered Unauthorized Gas Use.

RULES AND REGULATIONS – Continued

Unassigned Gas

“Unassigned Gas” shall mean any quantity of gas received at a Company Receipt Point for which there is no transportation nomination that can be readily identified by Company and assigned by Company to the appropriate Customer(s), Shipper’s Designee(s), and Pool Manager(s).

Company shall post on its website the quantity, production month received on the Company’s system, and the point of receipt associated with any Unassigned Gas (“Notice”). Company shall continue to post the Notice for a period of not less than one Business Day.

In order to be a valid claim for purposes hereof, a claim must:

1. Be provided to the Company in writing;
2. Identify the specific Unassigned Gas delivered;
3. Provide independent evidence of ownership of Unassigned Gas claimed; and
4. Agree to indemnify Company fully with respect to any adverse claims to ownership of the Gas or to the proceeds resulting from the sale thereof.

If a valid claim is received, such quantities will be subject to purchase by the Company at seventy-five percent (75%) of the Gas Daily index for Gas delivered at the Florida City Gate.

If a valid claim is not received, such quantities of Gas will be credited to the Company’s Regulated Sales Service fuel clause.

K. OPERATIONAL CONTROLS

1. Operational Controls Applicability:
Operational Controls shall be applicable to all Customers, Customer Pools, Pool Managers, and Shipper Designees with the exception of Company’s CI Cycle Read Pool(s).
2. Contact Persons:
Any Customer taking delivery of Gas from Company or any Pool Manager or Shipper Designees causing Gas to be delivered to Company, shall cooperate fully with Company in maintaining the integrity of its system. All Customers, Pool Managers, and Shipper’s Designees shall name an appropriate contact person(s) available to receive communication from Company on operating matters at any time, on a 24-hour a day, 365-day a year basis. For all Residential Customers, the contact person shall be that individual listed in the Company’s records as the applicant for service or the account holder of record. If Company is unable after reasonable efforts to contact any Customer or Customer’s contact person, such Customer shall be solely responsible for any consequences arising from such failure of communication.

RULES AND REGULATIONS – Continued

3. Maintaining Proper System Pressure:

In the event that Company determines in its sole discretion, reasonably exercised, that action is required to avoid an operating condition in which system pressure is not maintained, in which system pressure is maintained at an operationally unacceptably high level, and/or Transportation Service Provider has issued an operational directive under Transportation Service Provider's Tariff, Company may issue the following Operational Controls to Customers, Shipper Designees, and/or Pool Managers.

4. Operational Flow Orders (OFO) Notices:

The Company may issue an OFO notice and shall promptly notify via electronic means (electronic bulletin board, e-mail or telephone) all affected Customers, Customer's Designees and Pool Managers causing Gas to be delivered to the Company's Receipt Point(s), that such OFO has been issued.

a. Operational Flow Orders – Action Required:

Such Operational Flow Orders may require Customers, Customer's Designees and Pool Managers to undertake any of the following:

- i. Company may issue an Operational Flow Order to individual Customer, Shipper's Designees, and Pool Managers, specific geographic regions, or at one or a group of specific Company Receipt Points.
- ii. To commence or increase supply inputs by a specific quantity.
- iii. To cease or reduce supply inputs by a specified quantity.
- iv. To commence or increase takes of Gas from the system by a specified volume.
- v. To reduce takes of Gas from the system by specified volumes.
- vi. In the event the action(s) set forth in (a)-(e) are not operationally feasible, the Operational Flow Order may require Customers, Customer's Designees and Pool Managers, to take other such action within Customers, Customer's Designees and Pool Managers control which would tend to alleviate the operating condition to be addressed.

b. Failure to Comply with Operational Flow Orders:

If the Customers, Customer's Designees, or Pool Managers violates the terms of the OFO, the Company shall charge the responsible Customers, Customer's Designees and Pool Managers:

- i. If the Customers, Customer's Designees, or Pool Managers violates the terms of the OFO (i.e. is outside the established percentage usage tolerances of the notice), the Company shall charge the responsible Customers, Customer's Designees and Pool Managers two (2) times the applicable Transportation Service Provider's FERC approved Tariff OFO penalty. Company may waive OFO penalties on a nondiscriminatory basis.
- d. Imbalances incurred on the of the Operational Flow Order shall be included in Customer or Pool Manager's monthly imbalance quantity and will be subject to monthly balancing.

RULES AND REGULATIONS – Continued

5. Alert Day Notices:

The Company may issue an Alert Day notice when in its sole discretion. Alert Days will be used when other operational tools are perceived to be inappropriate to resolve the operating situation and shall promptly notify via electronic means (electronic bulletin board, e-mail or telephone) all affected Customers, Customer's Designees and Pool Managers causing Gas to be delivered to the Company's Receipt Point(s), that such Alert Day notice has been issued.

a. Alert Day Notice – Action Required:

Such Alert Day Notices may require Customers, Customer's Designees, and Pool Managers to undertake any of the following:

- i. Company may issue an Alert Day to individual Customers, Customer's Designees and Pool Managers, specific geographic regions, or at one or a group of specific Company Receipt Points.
- ii. In the event the action(s) set forth above are not operationally feasible, the Alert Day notice may require Customers, Shipper's Designees, and Pool Managers, to take other such action within Customer's, Shipper's Designee's, or Pool Manager's control which would tend to alleviate the operating condition to be addressed.

b. Failure to Comply with Alert Day Notice:

If the Customers, Customer's Designees, or Pool Managers violates the terms of the Alert Day notice, the Company shall charge the responsible Customers, Customer's Designees and Pool Managers:

- i. For an overage Alert Day, two (2) times Transportation Service Provider's FERC approved Tariff Alert Day penalty.
 - ii. For an underage Alert Day, 50% (fifty percent) of Transportation Service Provider's FERC approved Tariff Alert Day penalty.
 - iii. Company may waive Alert Day penalties on a nondiscriminatory basis.
- c. Imbalances incurred on the day of the Alert Day will not be included in Customer or Pool Manager's monthly imbalance quantity and will not be subject to monthly balancing.

6. Pipeline Balancing Charges:

As the DPO, the Company shall comply with any operational balancing tools order issued by Transportation Service Provider(s), and as applicable, the Company, shall issue penalty charges directly to the responsible Customer(s), Customer's Designees and Pool Managers(s), to the extent such charges are able to be directly assigned. Such expenses shall include but not be limited to expenses associated with the use of storage capacity and gas supply as well as Liquified Natural Gas storage capacity and gas supply, The remaining balance of such charges will be allocated to the Company's Purchased Gas Cost Recovery Clause.

RULES AND REGULATIONS – Continued

7. Disposition of Penalties:

All penalties, net of payments to third parties, collected by the Company related to the operational control of the system, shall be issued directly to the responsible

Customer(s), Shipper Designees and/or Pool Managers(s), to the extent such charges are able to be directly assigned. The remaining balance of such charges, if any, shall be allocated to the Company's Purchased Gas Cost Recovery Clause. The Company shall not, under any circumstances, retain any of the penalties collected from Customers, Customer's Designees, or the authorized Pool Manager, nor absorb any costs related to complying with valid Transportation Service Provider Operational Tool orders.

L. IMBALANCE RESOLUTION

1. Monthly Imbalances:

The balancing of the quantity of Gas scheduled and nominated for each Customer or Customer Pool at all Company Receipt Points for which Company, or Company's agent, is the DPO, and the actual usage by the sum of all Individual Transportation Service Customers and Customer Pools served by each Customer, Shipper Designee, or Pool Manager shall be calculated on a Monthly basis. Long or short Monthly Imbalance Quantities for each individual Customer Pool will be netted against Customer Pools administered by the same Pool Manager provided however, Customer Pools with an Imbalance Level (long or short) greater than 20% will not be eligible to be netted. The Company and Customer, Shipper's Designee or Pool Manager shall resolve all remaining Monthly Imbalance Quantities at the end of each Month, as follows:

- a. If the Monthly Imbalance Quantity is long (amount of Gas scheduled is greater than aggregated actual usage by Customer Pool(s)), the Company shall purchase from Customer or Pool Manager such Monthly Imbalance Quantity at a price per Therm (the "Unit Price") calculated by taking: (i) the lowest weekly average (weeks where Friday is within the calendar Month) of the "Daily price survey" for Gas under the "Midpoint" column for "Florida Gas, zone 1", "Florida Gas, zone 2" or "Florida Gas, zone 3", as reported in *Platt's Gas Daily*, for the Month in which the positive (long) Monthly Imbalance Quantity was incurred, multiplied by the applicable factor set forth below:

<u>Imbalance Level</u>	<u>Factor</u>
0% to 5%	1.00
Greater than 5% to 20%	0.90
Greater than 20%	0.80

The total amount due Customer, Shipper Designee, or Pool Manager shall be the product of the Unit Price and the positive (long) monthly imbalance.

- b. If the Monthly Imbalance Quantity is short (amount of Gas scheduled is less than aggregated actual usage by Customer Pool(s)), the Company shall sell to Customer or Pool Manager such Monthly Imbalance Quantity at a price per Therm (the "Unit Price") calculated by taking the (i) the highest weekly average (weeks where Friday is within the calendar Month) of the "Daily price survey" for

RULES AND REGULATIONS – Continued

Monthly Imbalances - Continued

Gas posted under the “Midpoint” column for “Florida Gas, zone 1”, “Florida Gas, zone 2” or “Florida Gas, zone 3”, as reported in *Platts Gas Daily*, for the Month in which the negative (short) Monthly Imbalance Quantity was incurred, multiplied by the applicable factor set forth below:

<u>Imbalance Level</u>	<u>Factor</u>
0% to 5%	1.00
Greater than 5% to 20%	1.10
Greater than 20%	1.20

and (ii) the Gulfstream Natural Gas 6% deliverability reservation per Therm tariff rate inclusive of all applicable surcharges (as it may change from time to time) plus the FGT FTS-1 usage rate per Therm, inclusive of all applicable surcharges.

The total amount due to the Company shall be the product of the Unit Price and the (short) negative monthly imbalance.

2. Daily Imbalances:

The Company shall, within the existing limitations of its system, provide for balancing between gas requirements and actual gas deliveries, net of an adjustment for Company Use and Unaccounted for Gas, received by the Company for the account of the Customers served by the PM that day. The Company shall not be obligated to provide gas service during an hourly, daily or monthly period in excess of the levels specified in the Rate Schedules under which Customers of the PM are served.

The Company reserves the right to require daily balancing on any other day in which the Company, in the exercise of its reasonable judgment, determines that such balancing is necessary for operational reasons. The Company will provide the PM in all instances with at least twenty-four (24) hours advance notice that daily balancing will be imposed.

In the event that daily balancing is imposed in accordance with this section, PM shall be assessed the following charges for daily imbalances:

<u>Imbalance *</u>	<u>Charge **</u>
0 to 5%	\$0.00 per Therm
5.1% to 10%	\$0.10 per Therm
Under Deliveries > 10%	\$0.50 per Therm
Over Deliveries > 10%	\$0.10 per Therm

Company may waive penalties on a not unduly discriminatory basis.

RULES AND REGULATIONS – Continued

M. MUTUALLY BENEFICIAL TRANSACTIONS

Pool Manager and Customer recognize that Company maintains the operation and integrity of Company distribution system on a daily basis. Pool Manager and Customer also recognizes that as DPO for the Transportation Service Provider's pipeline interconnects, Company or its agent is subject to the rules and regulations of the Transportation Service Provider(s) with regard to operational flow rates, pressures, and penalties. As such, Company may need Pool Manager or Customer to vary its daily delivery from the nominated delivery quantities. On those occasions, Company may request, at its sole discretion, and Pool Manager and Customer may agree to, a change to Customer's or Pool Manager's nominated Gas supply quantities and Transportation Service Provider(s) pipeline capacity. Terms and conditions of such transactions shall be agreed upon at the time of the transaction and shall be recorded and confirmed in writing within two Business Days after the transaction.

Disposition of Net Revenues:

Net revenues shall mean the revenues received by Company for Natural Gas above the cost of Natural Gas to the Company and revenues received by Company for pipeline demand charges above the prevailing rates for like period(s) as negotiated by Transportation Service Provider Customers via the Transportation Service Provider's Relinquishment program on its Electronic Bulletin Board system. Disposition of net revenues received by Company during each Month that this service is provided shall be as follows:

Fifty percent (50%) of the net revenues shall be retained by Company. The remaining fifty percent (50%) of the net revenues shall be used to reduce Company's cost of Natural Gas recovered through the Purchased Gas Cost Recovery Clause.

O. TERMINATION OF POOL MANAGER STATUS

Termination of Shipper Status:

Unless excused by Force Majeure, Company may terminate the Pool Manager's rights for the following:

1. Pool Manager fails to satisfy in full the terms and conditions of this Tariff;
2. Pool Manager voluntarily suspends the transaction of business where there is an attachment, execution, or other judicial seizure of any portion of their respective assets;
3. Pool Manager becomes insolvent or unable to pay its debts as they mature or makes an assignment for the benefit of creditors;
4. Pool Manager files, or there is filed against it, a petition to have it adjudged bankrupt or for an arrangement under any law relating to bankruptcy;
5. Pool Manager applies for or consents to the appointment of a receiver, trustee, or conservator for any portion of its properties or such appointment is made without its consent; or,
6. Pool Manager engages in slamming or other unlawful activities.

RULES AND REGULATIONS – Continued

CI Pool Manager:

If Company terminates a CI Pool Manager, CI Pool Manager's Customers shall be assigned by Company to Company's Regulated Sales Service Pool.

16. FORCE MAJEURE

In the event either Company, Customer, Customer's Agent or Pool Manager is unable wholly or in part by Force Majeure to carry out its obligations under this Tariff, or under a Special Contract, other than to make payments due thereunder, it is agreed that on such party giving notice and full particulars of such Force Majeure to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the party giving such notice, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.

The term "Force Majeure", as employed herein, shall mean acts of God, strikes, lockouts, or other Industrial disturbances, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, including any government-mandated quarantines associated herewith, landslides, lightning, earthquakes, fires, storms, hurricanes or evacuation orders due to hurricanes, floods, washouts, arrests and restraints of government and people, civil disturbances, explosions, breakage or accidents to machinery or lines of pipe, the necessity for making repairs or alterations to machinery or lines of pipe, freezing of well or lines of pipe, partial or entire failure of source of supply, and any other cause, whether of the kind herein enumerated or otherwise, not within the control of the party claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome; such term shall likewise include (a) in those instances where either party is required to obtain servitudes, rights of way grants, permits, or licenses to enable such party to fulfill its obligations hereunder, the inability of such party to acquire, or the delays on the part of such party in acquiring, at reasonable cost and after the exercise of reasonable diligence, such servitude, right of way grants, permits, or licenses; and

(b) in those instances where either party is required to furnish materials and supplies for the purpose of constructing or maintaining facilities or is required to secure grants or permissions from any governmental agency to enable such party to acquire, or the delays on the part of such party in acquiring, at reasonable cost and after the exercise of reasonable diligence, such materials and supplies, permits and permissions.

It is understood and agreed that the settlement of strikes or lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts by acceding to the demands of an opposing party when such course is inadvisable in the discretion of the party having the difficulty.

RESERVED FOR FUTURE USE

RULES AND REGULATIONS (Continued)

15. GAS CURTAILMENT PLAN

During periods of supply shortages, operational constraints or Force Majeure events the Company may implement the terms of its Gas Curtailment Plan. The purpose of this plan is to preserve the ability to continue to provide essential gas services to the broadest base of Customers given limited gas supply and/or delivery capacity. Any Unauthorized Gas Use will be governed by the terms stated in the Unauthorized Gas Use section of this tariff. If a Customer notifies the Company that they have a medical necessity requiring gas use the Company will endeavor to provide adequate notice of any curtailments.

16. UNAUTHORIZED GAS USE

Unauthorized Gas Use includes, but is not limited to, any volume of gas taken by Customer in excess of its Demand Charge Quantity requirement as set forth in its Service Agreement with Company or the quantity of gas allowed by the Company on any day as a result of a curtailment or interruption notice issued by the Company in accordance with its tariff and/or by the Florida Public Service Commission of the State of Florida or any other governmental agency having jurisdiction. A "day" shall be a period of twenty-four (24) consecutive hours, beginning as near as practical to 8 a.m., or as otherwise agreed upon by Customer and Company.

The Company reserves the right to physically curtail the gas service to any Customer if, in the Company's sole judgement, such action is necessary to protect the operation of its system.

If a Customer uses gas after having been notified that gas is not available or, if applicable, uses gas in excess of the Demand Charge Quantity or requirements as established in the Service Agreement, then Unauthorized Gas Use charges shall apply to those amounts. Furthermore, if a Third Party Supplier (TPS) fails to deliver gas in the quantities and or imbalance ranges specified in the TPS Rate Schedule, then Unauthorized Gas Use charges shall apply to the TPS.

All Unauthorized Gas Use charges shall be billed at the higher of \$2.50 per therm or a rate equal to ten times the highest price, for each day, for gas delivered to Florida Gas Transmission at St. Helena Parish, as reported in Platts Gas Daily plus Florida Gas Transmission Company's transportation cost and fuel, if applicable. However, this rate shall not be lower than the maximum penalty charge for unauthorized daily overruns as provided for in the Federal Energy Regulatory Commission approved gas tariffs of the interstate pipelines which deliver gas into Florida. This charge is in addition to all applicable taxes, charges and assessments of the applicable Rate Schedule.

Nothing herein shall be construed to prevent the Company from taking all lawful steps to stop the unauthorized use of gas by Customer, including disconnecting Customers service. Such payment for unauthorized use of gas shall not be deemed as giving Customer or TPS any rights to use such gas.

RULES AND REGULATIONS (Continued)

17. EQUIPMENT FINANCING

If the Company agrees to provide the necessary gas conversion, compression, or RNG equipment to be owned and maintained by the Customer, an agreement as to terms and conditions governing recovery of the costs for such equipment from the Customer may be entered into and the initial contract term of gas service shall at a minimum be the same as the period of recovery stated in the agreement. Further, the rates established in the monthly rate section may be adjusted to provide for recovery by the Company of the costs incurred, including carrying cost at the Company's overall cost of capital, in providing such equipment. At such time when the Company has recovered its costs of providing such equipment the ongoing gas deliveries shall be billed at rates stated in the Customer's applicable Rate Schedule.

18. TAXES AND OTHER ADJUSTMENTS

There will be added to all bills rendered all applicable local utility and franchise taxes, State sales taxes and gross receipts tax presently assessed by governmental authority, as well as any future changes or new assessments by any governmental authority subsequent to the date of any Rate Schedule. All such assessments as described above shall be shown on Customer bills.

19. BUDGET BILLING PLAN

Available to any Residential Customer as defined under the Technical Terms and Abbreviations of this tariff. A Customer may elect to enroll in the Company's Budget Billing Plan to help stabilize their monthly payments. To qualify for the Budget Billing Plan, a Customer must be a year-round Customer and have no balance owing when beginning the plan. Following a Customer's request to participate in the Budget Billing Plan the Company shall have 45 days in which to determine the Customer's eligibility and process an enrollment to initiate billing under the plan.

If a Customer requests the Budget Billing Plan, the initial budgeted payment amount will be based on the average of the previous 12 months usage normalized for weather applied to the then current or Company projected billing rates, and shall include any regulatory fees or taxes applicable to the Customer. If the Customer has not received Gas Service from the Company for the preceding 12 months, the Company will use the best information available to calculate the initial monthly payment amount. The total deferred debit or credit balance will be shown on the Customer's bill.

The Company reviews all budget payments and resets them annually on or about August of each year. On such recalculation, one-twelfth of any debit or credit deferred balance will be added to the following year's recalculated budgeted monthly payment amount. However, a Customer may request a payment of a credit balance in which case the recalculated amount will be adjusted to reflect the removal of the credit balance. In addition, the Company also performs a semi-annual review and may adjust the budget payment if it varies by more than \$5.00 or 10% whichever is less.

RULES AND REGULATIONS (Continued)

The Company may also recalculate the payment quarterly if it determines that changes in Customer equipment or billing rates warrant. However, the Company may only begin charging such recalculated quarterly amounts on the Customer's next successive bill if the recalculated budgeted payment amount varies by 35% or more from the budgeted payment amount then in effect. Any balances outstanding at the time of a non-annual recalculation shall be included in such recalculation with the objective of achieving a net zero balance at the end of the program year.

A Customer's participation in the Budget Billing Plan will be continuous unless the Customer requests that participation in the plan be discontinued, or gas service has been terminated at the premise, or the Customer is delinquent in paying the budgeted payment amount, which may result in shut-off for non-payment and/or removal from the program. If a Customer no longer participates in the plan, the Customer shall pay any deferred debit balances with their next regular monthly bill, with any deferred credit balance being used to reduce the amount due from the next regular monthly bill. Upon termination from the plan, for any reason, any billed outstanding balance not paid by the next due date shall be considered past due and late payment fees shall apply. In addition, prior to plan termination, late payment fees shall apply to past due Budget Billing Plan payment amounts.

20. LIMITS OF COMPANY RESPONSIBILITIES

The Company shall not be liable for any property damage, fatality, or personal injury sustained on the Customer's premise resulting from the Customer's installation of the gas pipe, fittings, appliances, storage tanks, compressors, and apparatus of any type of others on the Customer's premises. The Company will not be responsible for the use, care or handling of gas delivered to the Customer after it passes from the Company's lines on the Customer's side of the point of delivery. The Company shall not be liable to the Customer for naturally occurring or other impurities, regardless of the sources, such as water, sand, black powder, sulfur, butane, or other chemicals or compounds in the Gas delivered to the Customer or their vehicle.

Whenever the Company deems an emergency or system operating condition warrants interruption, curtailment or other limitation of the Gas Service being rendered, such interruption, curtailment or other limitation shall not constitute a breach of contract and shall not render the Company liable for damages suffered as a result of such interruption, curtailment or other limitation of Gas Service or excuse the Customer from continuing to fulfill its obligations to the Company.

In no event shall the Company be under any obligation to inspect the gas piping or appliances of a Customer. Where the Company has reason to believe the flues, gas piping or appliances do not comply with recognized requirements or code, the Company may refuse to supply gas to the Customer. However, the Company shall have no responsibility whatsoever for determining whether any local code or ordinance or any other government requirement is applicable.

No Customer or other person shall, unless authorized by the Company, operate, change or tamper with any of the Company's facilities.

RULES AND REGULATIONS (Continued)

21. LIMITATION OF DAMAGES

The Customer shall not be entitled to recover from the Company any consequential, indirect, incidental or special damages, such as loss of use of any property, vehicle, or equipment, loss of profits or income, loss of production, rental expenses for replacement property or equipment, diminution in value of real property, or expenses to restore operation, or loss of goods or products.

The Customer shall indemnify, hold harmless, and defend the Company from and against any and all liability, proceedings, suits, cost or expense for loss, damage or injury to person or property, in any manner directly or indirectly connected with or growing out of the transmission and/or use of gas by the Customer at or on the Customer's side of the point of delivery or out of the Customer's negligent acts or omissions.

22. ACCESS TO PREMISES

The Customer shall grant to the Company without cost to the Company, all rights, easements, permits and privileges which in the Company's opinion are necessary for the rendering of service. The Customer will furnish to the Company, without charge, an acceptable location for the Company's meter and shall give Company employees and representatives access to the Customer's premise so that the Company may operate, inspect and maintain its facilities. Failure to grant access could result in disconnection of service.

23. Excess Flow Valves

Existing single family residential regardless of size, as well as multi-family residences and commercial Customers not using in excess of one-thousand (1,000) standard cubic feet per hour (SCFH) per service, may request the Company to install an excess flow valve (EFV) or equivalent equipment, which appropriate equivalent will be determined in the Company's sole discretion, for the purpose of interrupting the flow of gas. The Customer shall reimburse the Company for the cost associate with installing an EFV (or equivalent equipment) when such installation is performed at the request of the Customer.

RESIDENTIAL SERVICE – 1 (RS-1)

APPLICABILITY

Service is available to Residential Customers using between 0 and 99 therms per year as determined by the Company.

CHARACTER OF SERVICE

A firm delivery service of gas delivered by the Company with a heating value on the order of 1,100 British Thermal Units per cubic foot.

*MONTHLY RATE

Customer Charge	\$18.00
Distribution Charge, per therm	\$1.40576
Commodity Charge	Per Rider "A"

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company.

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS OF SERVICE

1. Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.
2. Each year the Company shall re-determine each Customer's eligibility based on their annual usage. If reclassification to another schedule is appropriate such reclassification shall be prospective only and shall not be retroactive.

RESIDENTIAL SERVICE - 100 (RS-100)

APPLICABILITY

Service is available to Residential Customers using between 100 and 599 therms per year as determined by the Company.

CHARACTER OF SERVICE

A firm delivery service of gas delivered by the Company with a heating value on the order of 1,100 British Thermal Units per cubicfoot.

*MONTHLY RATE

Customer Charge	\$19.00
Distribution Charge, per therm	\$0.91507
Commodity Charge	Per Rider "A"

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company.

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS OF SERVICE

1. Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.
2. Each year the Company shall re-determine each Customer's eligibility based on their annual usage. If reclassification to another schedule is appropriate such reclassification shall be prospective only and shall not be retroactive.

RESIDENTIAL SERVICE - 600 (RS-600)

APPLICABILITY

Service is available to Residential Customers using 600 or more therms per year as determined by the Company.

CHARACTER OF SERVICE

A firm delivery service of gas delivered by the Company with a heating value on the order of 1,100 British Thermal Units per cubic foot.

*MONTHLY RATE

Customer Charge	\$25.00
Distribution Charge, per therm	\$0.91517
Commodity Charge	Per Rider "A"

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company.

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS OF SERVICE

1. Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.
2. Each year the Company shall re-determine each Customer's eligibility based on their annual usage. If reclassification to another schedule is appropriate such reclassification shall be prospective only and shall not be retroactive.

GENERAL SERVICE - 1 (GS-1)

APPLICABILITY

Service is available to Non-Residential Customers using between 0 and 5,999 therms per year as determined by the Company.

CHARACTER OF SERVICE

A firm delivery service of gas, including RNG delivered into the Company's system by any customer, delivered by the Company or Customers' Pool Manager ("PM") with a heating value on the order of 1,100 British Thermal Units per cubic foot.

*MONTHLY RATE

	<u>Gas Supply from PGA</u>	<u>Gas Supply from PM</u>
Customer Charge	\$31.00	\$31.00
Distribution Charge, per therm	\$0.71926	\$0.71926
Commodity Charge	Per Rider "A"	Per PM Agreement

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company. A Customer that receives gas supply from a PM will be charged by the PM for commodity according to any agreement between the Customer and the PM. Only Non- Residential Customers are eligible to receive gas supply from a PM.

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS OF SERVICE

1. Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.
2. Each year the Company shall re-determine each Customer's eligibility based on their annual usage. If reclassification to another schedule is appropriate such reclassification shall be prospective only and shall not be retroactive.

SPECIAL CONDITIONS APPLICABLE TO CUSTOMERS RECEIVING GAS SUPPLY FROM
POOL MANAGERS (PM)

1. See the Rules and Regulations for Transportation - Special Conditions for terms related to Customers taking Gas Supply from a PM.

GENERAL SERVICE - 120K (GS-120K)

APPLICABILITY

Service is available to Non-Residential Customers using between 120,000 and 1,249,999 therms per year as determined by the Company.

CHARACTER OF SERVICE

A firm delivery service of gas, including RNG delivered into the Company's system by any customer, delivered by the Company or Customers' Pool Manager ("PM") with a heating value on the order of 1,100 British Thermal Units per cubic foot.

*MONTHLY RATE

	<u>Gas Supply from PGA</u>	<u>Gas Supply from PM</u>
Customer Charge	\$375.00	\$375.00
Demand Charge, per DCQ	\$0.719	\$0.719
Distribution Charge, per therm	\$0.34948	\$0.34948
Commodity Charge	Per Rider "A"	Per PM Agreement

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company. A Customer that receives gas supply from a PM will be charged by the PM for commodity according to any agreement between the Customer and the PM. Only Non- Residential Customers are eligible to receive gas supply from a PM.

DETERMINATION OF THE DEMAND CHARGE BILLING QUANTITY (DCBQ)

The Customer's DCBQ will be determined by the Customer's maximum daily requirements in terms of therm units per day based on readings taken from an Automatic Meter Reading (AMR) device installed at the premise. The quantity used in setting the DCBQ shall be those from the Customer's daily metered therm consumption recorded for a period of up to three (3) years ending each March 31st. If historical consumption information of at least twelve (12) months is not available, then the DCBQ level shall be based upon the rating and expected usage of the Customer's gas equipment as determined by the Company.

The DCBQ will be determined annually by the Company based on the consumption history, as determined above. The Customer's DCBQ shall be adjusted to reflect the maximum recorded DCBQ. Adjustments will be made in April except the Company shall not increase such a Customer's DCBQ unless the Customer has had at least three (3) occurrences of DCBQ's in excess of their current DCBQ.

At any time a Customer may request an adjustment to its DCBQ. If the Customer is able to demonstrate an ongoing change in its maximum daily therm requirements then the Company may at its discretion adjust Customers DCBQ prospectively. However, the initial DCBQ shall be established for all Customers with active service at the effective date of this tariff based on the highest daily actual therm consumption recorded at Customer's premises over the thirty-six month historic period ending March 31st of each year.

GENERAL SERVICE - 120K (GS -120K)
(Continued)

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge and Demand Charge. In addition, a minimum annual charge shall be assessed by applying the Distribution Charge hereunder to the difference between the annual minimum qualifying therms specified in this Rate Schedule and the annual usage of the Customer.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

TERM OF CONTRACT

The initial term of which shall be no less than one (1) year and year to year thereafter until terminated by ninety (90) days written notice by either party.

SPECIAL CONDITIONS OF SERVICE

1. Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.
2. Each year the Company shall re-determine each Customer's eligibility based on their annual usage. If reclassification to another schedule is appropriate such reclassification shall be prospective only and shall not be retroactive.

GAS LIGHTING SERVICE (GL)

AVAILABILITY

See "Limitations of Service" below.

APPLICABILITY

Firm gas service for continuous street or outdoor lighting devices installed upstream of the Customer's meter.

LIMITATIONS OF SERVICE

This Rate Schedule is closed and is restricted to Customers who were served prior to March 17, 1975.

*MONTHLY RATE

Distribution Charge	\$13.38 per lamp
	(\$0.74315 per therm X 18 therms)

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company. For the purpose of applying Riders or other billing adjustments usage of eighteen therms per lamp per month will be assumed.

MINIMUM BILL

The minimum monthly bill shall be the Monthly Rate.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS OF SERVICE

Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.

RESIDENTIAL STANDBY GENERATOR SERVICE (RSG)

APPLICABILITY

Service is available to Residential Customers whose only gas usage is for a standby electric generator.

CHARACTER OF SERVICE

A firm delivery service of gas delivered by the Company with a heating value on the order of 1,100 British Thermal Units per cubicfoot.

*MONTHLY RATE

Customer Charge:	\$25.00	
Distribution Charge:	0 - 14 therms	\$0.00000 per therm
	More than 14 therms	\$2.63782 per therm

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company.

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS OF SERVICE

1. Subject to special condition 3 below, a customer receiving service under this schedule shall remain obligated to remain on this schedule for 12 months. This 12-month requirement shall be renewed at the end of each 12-month term unless the customer terminates the service in writing within 30 days before the end of the term.
2. If the customer terminates the service before the 12-month term ends, the Customer will be billed the minimum bill for the remaining months of the service.
3. If the customer installs an additional gas appliance at the premise at which service is provided, then the customer will be transferred to the applicable rate schedule based on total therms.
4. Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.

COMMERCIAL STANDBY GENERATOR SERVICE (CSG)

APPLICABILITY

Service is available to Non-residential Customers whose only gas usage is for a standby electric generator with annual consumption of less than 120,000 therms.

CHARACTER OF SERVICE

A firm delivery service of gas delivered by the Company with a heating value on the order of 1,100 British Thermal Units per cubic foot.

*MONTHLY RATE

Customer Charge:	\$36.00	
Distribution Charge:	0 - 26 therms	\$0.00000 per therm
	More than 26 therms	\$1.15159 per therm

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company. A customer that receives gas supply from a TPS will be charged by the TPS for commodity according to any agreement between the Customer and the TPS.

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS OF SERVICE

1. Subject to special condition 3 below, a Customer receiving service under this schedule shall remain obligated to remain on this schedule for 12 months. This 12-month requirement shall be renewed at the end of each 12-month term unless the Customer terminates the service in writing within 30 days before the end of the term.

2. If the Customer terminates the service before the 12-month term ends, the Customer will be billed the minimum bill for the remaining months of the service.

3. If the Customer installs an additional gas appliance at the premise at which service is provided, then the Customer will be transferred to the applicable rate schedule based on total therms.

4. Application of this rate is subject to the general Rules and Regulations of the Company as they may be in effect from time to time and as filed with the regulatory authorities.

NATURAL GAS VEHICLE SERVICE-I (NGV-I)
(CLOSED SCHEDULE)

APPLICABILITY

For gas delivered to any Customer through a separate meter for the purpose of compression and delivery into motor vehicle fuel tanks or other transportation containers. NGV-I is only available to those Customers who are presently receiving this service as of August 13, 2013. Customers seeking such service after this date shall take service under the NGV-II terms of this Tariff.

*MONTHLY RATE

	<u>Gas Supply from PGA</u>	<u>Gas Supply from PM</u>
Customer Charge	\$31.00	\$31.00
Distribution Charge, per therm	\$0.23232	\$0.23232
Commodity Charge	Per Rider "A"	Per PM Agreement

*The charges set forth in this Rate Schedule will be adjusted for all other applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company. A Customer that receives gas supply from a PM will be charged for commodity according to any agreement between the Customer and the PM.

MINIMUM BILL

The minimum monthly bill shall be the Customer Charge. In addition, a minimum annual charge, if applicable, shall be assessed by applying the applicable rates and adjustments hereunder to the difference between the minimum therms, if any, established per the Customer's Agreement and the Customers annual usage.

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company.

SPECIAL CONDITIONS

Service under this Rate Schedule shall be subject to the general Rules and Regulations of the Company as they may be in effect from time to time, and as filed with the regulatory authorities.

SPECIAL CONDITIONS APPLICABLE TO CUSTOMERS RECEIVING GAS SUPPLY FROM POOL MANAGERS (PM)

1. See the Rules and Regulations for Transportation - Special Conditions for terms related to Customers taking Gas Supply from a PM.
2. Automatic Meter Reading (AMR) equipment is required for transportation Customers served under this Rate Schedule using over 120,000 therms per year. See the Rules and Regulations for Metering for terms and conditions related to Amr's.

NATURAL GAS VEHICLE SERVICE-II (NGV-II)

APPLICABILITY

For gas delivered to any Customer, including RNG delivered into the Company's system by any customer, for the purpose of compression and delivery into motor vehicle fuel tanks or other transportation containers after August 13, 2013.

MONTHLY RATE

Service is available under any General Service (GS) Rate Schedule (GS-1 through GS - 1250k) based on the Customer's therms per year as determined by the Company.

The charges, terms and conditions as provided under the applicable GS Rate Schedule shall apply, including all applicable Riders of this Tariff and any additional taxes, assessments or similar charges that are lawfully imposed by the Company, notwithstanding the Special Conditions sections below.

MONTHLY FACILITIES CHARGE WHEN COMPANY PROVIDES EQUIPMENT NECESSARY FOR NGV-II SERVICE

The Monthly Facilities Charge, if applicable, shall be equal to 1.6% multiplied by the Company's Gross Investment in facilities, as determined by the Company required to serve the Customer. As used here, Gross Investment means the total installed cost of the facilities as determined by the Company, which may include but are not limited to dryers, compressors, storage vessels, controls, piping, metering, dispensers, and any other related appurtenances including the necessary redundancy to provide for reliable service, before any adjustment for accumulated depreciation, a contribution in aid of construction, etc. The 1.6% factor is subject to adjustment if the Customer makes a contribution in aid of construction. The adjusted factor will be as stated in the Company's standard agreement for service provided under this Rate Schedule. If the service is provided under a standard agreement to more than one Customer, the charges applicable to each Customer shall be as stated in the agreement with the individual Customer. The standard agreement may also require a commitment to purchase service for a minimum period of time, take or pay for a minimum amount of service, a contribution in aid of construction, a guarantee, such as a bond or letter of credit, and/or other provisions as determined appropriate by the Company.

1) COMPANY PROVIDED FACILITIES ON CUSTOMER PREMISES

If Company provides and maintains the necessary facilities for compression and dispensing of such gas for delivery to vehicles on the Customer's property, the following additional charge shall apply:

NATURAL GAS VEHICLE SERVICE-II (NGV-II)
(Continued)

1) COMPANY PROVIDED FACILITIES ON CUSTOMER PREMISE (Continued)

Monthly Facilities Charge

The provision and maintenance of the facilities does not include the physical dispensing of compressed gas into vehicles, or the provision of electricity required to operate the facility. The physical dispensing of compressed gas into vehicles, the collection and remittance of any federal or state or local tax imposed on compressed gas dispensed for use as motor fuel, and the payment for electricity used to operate the facility shall be the responsibility of the Customer. A Company-provided facility could be a residential fueling station.

2) LIMITED ACCESS FACILITIES LOCATED ON COMPANY PREMISES

The Company may, under agreement with one or more Customers, provide and maintain, on the Company's premises, the necessary facilities for compression and dispensing of gas into motor vehicles. The Customer may elect to receive distribution service and purchase gas under any of the GS schedules, provided that the Customer would otherwise meet the requirement to be served under the provision of the rate schedule elected.

In addition to the distribution and gas charges as provided under the rate schedule elected by the Customer, the following charges shall apply:

a) Monthly Facilities Charge

The Monthly Facilities Charge, if applicable, shall be equal to 1.6% multiplied by the Company's Gross Investment in facilities, as determined by the Company required to serve the Customer. As used here, Gross Investment means the total installed cost of the facilities as determined by the Company, which may include but are not limited to dryers, compressors, storage vessels, controls, piping, metering, dispensers, and any other related appurtenances including the necessary redundancy to provide for reliable service and land and land rights, before any adjustment for accumulated depreciation, a contribution in aid of construction, etc. The 1.6% factor is subject to adjustment if the Customer makes a contribution in aid of construction. The adjusted factor will be as stated in the Company's standard agreement for service provided under this Rate Schedule. If the service is provided under a standard agreement to more than one Customer, the charges applicable to each Customer shall be as stated in the agreement with the individual Customer. The standard agreement may also require a commitment to purchase service for a minimum period of time, take or pay for a minimum amount of service, a contribution in aid of construction, a guarantee, such as a bond or letter of credit, and/or other provisions as determined appropriate by the Company.

b) Compressed Gas Dispensing Fee

The monthly dispensing fee shall recover all costs related to dispensing and be provided in the standard agreement.

NATURAL GAS VEHICLE SERVICE-II (NGV-II)
(Continued)

2) LIMITED ACCESS FACILITIES LOCATED ON COMPANY PREMISES (Continued)

c) Tax

The Company shall collect from the Customer and remit to the applicable authority any motor fuel tax on compressed gas.

Any service provided from a facility located on the Company's premises shall be provided at the time and under the terms and conditions as determined by the Company and specified in the agreement(s) with the Customer(s). The standard agreement may require a commitment to purchase service for a minimum period of time, take or pay for a minimum amount of service, a contribution in aid of construction, a guarantee (such as a bond) and/or other provisions as determined appropriate by the Company.

3) PUBLICLY ACCESSIBLE FACILITIES LOCATED ON COMPANY PREMISES

If the Company offers service to Customer from facilities located on the Company's premises only the following charges shall apply:

Distribution and Dispensing: \$0.50 /Therm

Gas Cost: No lower than the monthly PGA

Taxes: Applicable motor fuel or other taxes applicable to compressed gas dispensed for motor fuel

The total charge, consisting of the Distribution and Dispensing charge, the Gas Cost, and Taxes, shall be as determined by the Company. However, the Gas Cost component of the charge shall not be less than the Purchased Gas Adjustment (PGA) and other adjustments, charges and/or credits determined to be applicable. In addition, the gas commodity component (total charge less the Distribution and Dispensing charge and applicable taxes) will be accounted for as recovery of gas cost in the annual PGA docket. Other Riders of this Tariff will not be credited for such service.

Any service provided from a facility located on the Company's premises shall be provided at the time and under the terms and conditions as determined by the Company.

MINIMUM BILL

The minimum monthly bill shall be the minimum bill as provided for in the GS Rate Schedule applicable to the Customer plus any additional Monthly Facilities Charge except for option 3.

NATURAL GAS VEHICLE SERVICE-II (NGV-II)
(Continued)

3) PUBLICLY ACCESSIBLE FACILITIES LOCATED ON COMPANY PREMISES (Continued)

TERMS OF PAYMENT

Bills are due upon receipt by the Customer and become delinquent if unpaid after expiration of twenty days from date of mailing or other delivery thereof by the Company and are subject to late payment charges.

SPECIAL CONDITIONS

1. Service under this Rate Schedule shall be subject to the general Rules and Regulations of the Company as they may be in effect from time to time, and as filed with the regulatory authorities.

2. A separate meter or sub-meter may be requested by the Customer or required by the Company; in which case the Customer will pay the cost of the meter and installation which shall remain the property of the Company.

3. The collection and remittance of any federal or state or local tax specifically imposed on compressed gas dispensed for motor fuel shall be the responsibility of the Customer or Retailer, unless otherwise provide for in a Customer's agreement.

4. The terms and conditions applicable to sub-metering and allocation of cost included elsewhere in this Tariff are not applicable to Compressed Natural Gas used for motor fuel.

5. NGV service is not available for resale by residential customers.

6. The Company shall not be responsible in any manner for the use, care or handling of gas once it is delivered to a natural gas vehicle.

7. If the Company, by itself or in partnership with another entity, responds to a competitive situation of a government agency or commercial customer and has volumes greater than 250,000 therms per year, the Company has the option to provide NGV service, equipment, facilities, and distribution at rates and charges set on an individual Customer basis via a special contract as long as the rate is above incremental cost with a reasonable return. At the Company's discretion it may recover the difference between the otherwise applicable tariff rate and the approved contract rate under this rate provision through Rider "C", Competitive Rate Adjustment ("CRA").

8. If a Customer is phasing in the use of compressed gas as motor fuel and is acquiring and placing into service vehicles fueled by compressed gas over a period of years, the Monthly Facilities Charge may be phased-in over the term of agreement. However, the net present value of the revenue from the phased-in charges, discounted at the Company's authorized rate of return, shall be set equal to the net present value of the revenue that would be generated over the term of the contract if the Monthly Facilities Charge was not phased-in. Any such phase-in shall be provided in the agreement for service.

CONTRACT DEMAND SERVICE (KDS)

OBJECTIVE

The objective of this Rate Schedule is to enable the Company to attach incremental load to its system by providing the Company with the flexibility to negotiate individual service agreements with Customers taking into account competitive and economic market conditions and system growth opportunities.

APPLICABILITY

Sales or Transportation service is available under this Rate Schedule to any non-Residential Customer, or customer receiving service under Rate Schedule RNGS, bringing a minimum new incremental demand of 250,000 additional therms per year to the Company's system at one location.

Terms of service including operating conditions and, if applicable, a capital repayment mechanism acceptable to Company, which may include, but shall not be limited to, a minimum monthly or annual bill, will be set forth in individual service agreements between the Company and the Customer. Absent a service agreement with Company under this Rate Schedule, Company has no obligation to provide, and the Customer shall have no right to receive, service under this Rate Schedule, and Customer may elect to receive service under other applicable Rate Schedules.

GAS SUPPLY OBLIGATION

The Company shall have no obligation to provide gas supplies to Transportation Customers under this Rate Schedule.

MONTHLY RATE

1. The Distribution Charge shall be an amount negotiated between Company and Customer, but the rate shall not be set lower than the incremental cost the Company incurs to serve the Customer. As used herein incremental cost shall include operations and maintenance, the depreciation expense for facilities used to provide service to the Customer, the return on the facilities computed at the rate of return approved in the Company's most recent rate case, and associated taxes. The charge shall include any capital recovery mechanism. The charge shall be determined by the Company based on Company's evaluation of competitive and overall economic market conditions and the opportunity for the Company to expand its system into areas not served with gas. Such evaluation may include, but is not necessarily limited to: the cost of gas which is available to serve Customer; the delivered price and availability of Customer's alternate fuel or energy source; the nature of the Customer's operations (such as load factor, fuel efficiency, alternate fuel capacity, etc.); and the opportunity to extend gas service to areas not supplied with gas. With respect to existing Customers, an additional load of at least 250,000 therms must be added, and the negotiated KDS rate will only apply to the additional load added to the Company's system.

CONTRACT DEMAND SERVICE (KDS)
(Continued)

MONTHLY RATE (Continued)

2. The Commodity Charge, if taking supply from the Company, shall be the rate per therm for gas used computed to be the incremental cost of purchasing or producing gas.

INTERRUPTION AND CURTAILMENT

In addition to the interruption and curtailment terms in the Rules and Regulations or the Company's Curtailment Plan the Company shall have the right to reduce or to completely curtail deliveries to Customer pursuant to this Rate Schedule:

1. If in the Company's opinion, Customer will overrun the volume of gas to which it is entitled from its supplier (or overrun the volume of gas being delivered to Company for Customer's account); or
2. in the event Company is notified by its supplier or pipeline transporter to interrupt or curtail deliveries to Customer, or deliveries of gas for uses of the same type or category as Customer's use of gas hereunder; or
3. when necessary to maintain the operational reliability of Company's system.

CONFIDENTIALITY

The Company and Customer each regard the terms and conditions of the negotiated service agreement as confidential, proprietary business information.

The Company and Customer will utilize all reasonable and available measures to guard the confidentiality of said information, subject to the requirements of courts and agencies having jurisdiction hereof.

SPECIAL CONDITIONS

1. Service under this Rate Schedule shall be subject to the Rules and Regulations set forth in the tariff, except to the extent modified under this Rate Schedule and / or in a service agreement.
2. Term of Agreement: If the provision of service hereunder requires the installation of gas equipment at Customer's facility, Company and Customer may enter into an agreement as to the terms and conditions regarding the reimbursement of costs relating to such equipment. The initial term of the service agreement shall, at a minimum, be equal to the period of cost reimbursement. The rates established in the Monthly Rates section may be adjusted to provide for such cost reimbursement to the Company including carrying costs.

CONTRACT DEMAND SERVICE (KDS)
(Continued)

SPECIAL CONDITIONS (Continued)

3. Automatic Meter Reading (AMR) equipment capable of providing daily readings is required for Customers served under this Rate Schedule, see the Rules and Regulations for Metering for terms and conditions related to AMR's.

4. When entering into a service agreement with a Customer under this Rate Schedule, Company will take reasonable steps to mitigate the potential of any revenue shortfalls between the revenues received under a service agreement and the total cost and expenses relating to the associated capital investment made by the Company, including minimum annual requirements.

LOAD ENHANCEMENT SERVICE (LES)

OBJECTIVE

The objective of this Rate Schedule is to enable the Company to retain or obtain significant load on its system by providing the Company with the flexibility to negotiate individual service agreements with non-Residential Customers taking into account competitive and economic market conditions and overall system benefits.

APPLICABILITY

This sales or transportation service is available at the Company's sole discretion to Customer's which meet the applicability standards, including (1) an existing commercial customer receiving service under contract or any new or existing customer that would otherwise qualify for service under Rate Schedules KDS, TSS, OSS, GS-120K, GS-1,250K, GS-11M or GS-25M; (2) the Customer must provide the Company verifiable documentation of either a viable alternative fuel or of a Customer's opportunity to economically bypass the Company's system; (3) the Company must demonstrate that the Customer served under this Rate Schedule will not cause any additional cost to the Company's other rate classes, including, at a minimum, that the rate shall not be set lower than the incremental cost plus some additional amount as reasonable return on investment and; (4) the Customer and the Company must enter into a service agreement under this Rate Schedule. As used herein incremental cost shall include operations and maintenance, the depreciation expense for facilities used to provide service to the Customer, the return on the facilities computed at the rate of return approved in the Company's most recent rate case, and associated taxes.

SERVICE AGREEMENT OBLIGATIONS

Terms of service including operating conditions and, if applicable, a capital repayment mechanism acceptable to Company, which may include, but shall not be limited to, a minimum monthly or annual bill, will be set forth in individual service agreements between the Company and the Customer. Absent a service agreement with Company under this Rate Schedule, Company has no obligation to provide, and the Customer shall have no right to receive, service under this Rate Schedule, and Customer may request service under other applicable Rate Schedules.

Any service agreement under LES shall be subject to approval by the Florida Public Service Commission (FPSC) before any contract rate is implemented and the agreement can be executed by the parties.

GAS SUPPLY OBLIGATION

The Company shall have no obligation to provide gas supplies to Transportation Customers under this Rate Schedule.

LOAD ENHANCEMENT SERVICE (LES)
(Continued)

MONTHLY RATE

1. The Distribution Charge shall be an amount negotiated between Company and Customer, but the rate shall not be set lower than the incremental cost plus some additional amount as a reasonable return on investment the Company incurs to serve the Customer. The distribution charge also shall include any capital recovery mechanism. The distribution charge shall be determined by the Company based on Company's evaluation of competitive and overall economic market conditions and the opportunity for the Company to expand its system into areas not served with gas as applicable. Such evaluation may include, but is not necessarily limited to: the cost of gas which is available to serve Customer; the delivered price and availability of Customer's alternate fuel or energy source; the nature of the Customer's operations (such as load factor, fuel efficiency, alternate fuel capacity, etc.); and the opportunity to extend gas service to areas not supplied with gas. As used herein incremental cost shall include operations and maintenance, the depreciation expense for facilities used to provide service to the Customer, the return on the facilities computed at the rate of return approved in the Company's most recent rate case, and associated taxes.

2. The Commodity Charge shall be the rate per therm for gas used computed to be the incremental cost of purchasing or producing gas, if taking supply from the Company.

3. The Company may permit the Customer to combine the accounting for the gas load delivered to multiple meters serving the same premise for this service.

INTERRUPTION AND CURTAILMENT

In addition to the interruption and curtailment terms in the Rules and Regulations or the Company's Curtailment Plan, the Company shall have the right to curtail deliveries to Customer pursuant to this Rate Schedule:

1. If in the Company's opinion, Customer will overrun the volume of gas to which it is entitled from its supplier (or overrun the volume of gas being delivered to Company for Customer's account); or

2. in the event Company is notified by its supplier or pipeline transporter to interrupt or curtail deliveries to Customer, or deliveries of gas for uses of the same type or category as Customer's use of gas hereunder; or

3. when necessary to maintain the operational reliability of Company's system.

CONFIDENTIALITY

The Company and Customer each regard the terms and conditions of the negotiated service agreement as confidential, proprietary business information.

The Company and Customer will utilize all reasonable and available measures to guard the confidentiality of said information, subject to the requirements of courts and agencies having jurisdiction hereof.

LOAD ENHANCEMENT SERVICE (LES)
(Continued)

SPECIAL CONDITIONS

1. Service under this Rate Schedule shall be subject to the Rules and Regulations set forth in the tariff, except to the extent modified under this Rate Schedule and / or in a service agreement but such modification or exemption shall not apply to the minimum perquisite requirements set forth in the Applicability section of this Rate Schedule.

2. Term of Agreement: If the provision of service hereunder requires the installation of gas equipment at Customer's facility, Company and Customer may enter into an agreement as to the terms and conditions regarding the reimbursement of costs relating to such equipment. The initial term of the service agreement shall, at a minimum, be equal to the period of cost reimbursement. The rates established in the Monthly Rates section may be adjusted to provide for such cost reimbursement to the Company including carrying costs.

3. No later than 180 days prior to the expiration of this special contract, a Customer served under an LES contract may request a new contract under the terms and conditions of this tariff provision. If an agreement is not reached by the end of the term, the agreement will convert to the applicable General Services tariff (based on volume) until a new contract has been approved by the FPSC and executed by the parties.

4. Automatic Meter Reading (AMR) equipment capable of providing daily readings is required for Customers served under this Rate Schedule. See the Rules and Regulations for Metering for terms and conditions related to AMR's.

5. When entering into a service agreement with a Customer under this Rate Schedule, Company will take reasonable steps to mitigate the potential of any revenue shortfalls between the revenues received under a service agreement and the total cost and expenses relating to the associated capital investment made by the Company, including minimum annual requirement.

6. The difference between the otherwise applicable tariff rate and the approved contract rate under this Rate Schedule may be subject to recovery through Rider "C", Competitive Rate Adjustment ("CRA").

POOL MANAGER RATE SCHEDULES
POOL MANAGER SERVICE – (PMS)

Applicability:

The provisions of this Rate Schedule shall apply to each broker, marketer or other third-party supplier (collectively “Pool Manager”) of natural Gas that wishes to act as Agents for the purpose of purchasing and scheduling natural Gas for Customers electing Transportation Services. Pool Managers desiring to provide service to Customers will be required to sign a Pool Manager Agreement in which they will agree to be bound by the terms and conditions of the Company’s FPSC Gas Tariff.

Term of Contract:

The term of the Pool Manager Agreement shall be at least one (1) year and from month to Month thereafter unless terminated upon sixty (60) days written notice.

Creditworthiness:

1. All Pool Managers shall establish credit prior to commencing deliveries of Gas and shall maintain such credit during the term hereof. The amount of credit established by each Pool Manager will be equal to the greater of \$10,000 or an amount equal to Pool Manager’s highest two months aggregated DDR for the most recent 24-month period multiplied by the applicable Transportation Service Provider’s applicable rate schedule(s). Credit will be established by one of the following methods:
 - a. Payment of a cash deposit with Company;
 - b. Furnishing an irrevocable letter of credit from a bank;
 - c. Furnishing a surety bond issued by an entity acceptable to the Company;
 - d. Possessing and maintaining a Standard & Poor’s Long-Term Debt Rating of A- or better, a Moody’s rating of A3 or better, or a comparable rating by another nationally recognized rating organization acceptable to Company; or
 - e. Providing an acceptable parental or corporate guarantee.

If the Pool Manager seeks to establish credit pursuant to paragraph 1e above, Pool Manager shall furnish to Company Pool Manager’s audited financial statements (accompanied by the opinion of and independent certified public accountants or chartered accountants of a recognized national or regional standing) for at least the two most recently completed fiscal years.

All Pool Manager deposits will be subject to an annual review by Company and will be adjusted and billed accordingly. The minimum deposit maintained by each Pool Manager will be \$10,000.

POOL MANAGER SERVICE – (PMS) - CONTINUED

Creditworthiness Continued

Upon meeting Company's standards for creditworthiness, Company will include Pool Manager on Company's list of Approved Pool Managers. Company shall not be required to permit any Pool Manager who fails to provide the above referenced documentation to sell natural Gas on Company's distribution system.

In the event that Pool Manager defaults in its payment obligation to Transportation Service Provider for capacity relinquished as defined below, Company upon receiving notification from Transportation Service Provider of such default shall immediately terminate Pool Manager Agreement with Pool Manager. Company will not be required to permit any Pool Manager who defaults in its payment obligation to Transportation Service Provider to sell natural Gas on Company's distribution system.

Capacity Relinquishment:

Pool Manager will be required to accept a Capacity Relinquishment as required in this Tariff. Failure to accept Capacity Relinquishment by Pool Manager may result in Curtailment of service to Customers being served by Pool Manager or termination of Pool Manager.

Supplying Gas for Delivery:

Pool Manager shall be responsible for purchasing the natural Gas to be delivered for Customers served by the Pool Manager and for causing the same to be delivered to the Company's City Gate(s). Pool Manager shall diligently and in a timely manner take all actions required under the General Terms and Conditions of Transportation Service Provider's FERC Tariff to effectuate such delivery of natural Gas.

Force Majeure:

Except for making payments due, neither the Company nor the Pool Manager shall be liable in damage to the other for any act, omission or circumstances occasioned by or in consequence of any acts of God, strikes, lockouts, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, including any government-mandated quarantines associated therewith, landslides, lightning, earthquakes, fires, storms, floods, unforeseeable or unusual weather conditions, washouts, arrests and restraint of rulers and peoples, civil disturbances, explosions, breakage or accident to machinery or lines of pipe, line freeze ups, temporary failure of Gas supply, the binding order of any court or governmental authority which has been resisted in good faith by all reasonable legal means, and any other cause, whether of the kind herein enumerated, or otherwise, and whether caused or occasioned by or happening on account of the act or omission of Company or Customer or any other person or concern not reasonably within the control of the party claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome. A failure to settle or present any strike or other controversy with employees or with anyone purporting or seeking to represent employees shall not be considered.

POOL MANAGER SERVICE – (PMS) - CONTINUED

Force Majeure Continued

to be a matter within the control of the party claiming suspension.

Neither party will be entitled to the benefit of the force majeure provision hereof under either or both of the following circumstances: i) to the extent that the failure was caused by the party claiming suspension having failed to remedy the condition by taking all reasonable acts, short of litigation, if such remedy requires litigation, and having failed to resume performance of such commitments or obligations with reasonable dispatch; or ii) if the failure was caused by lack of funds, or with respect to the payment of any amount or amounts then due hereunder.

Aggregated Daily Demand Requirement:

Company will calculate the Pool Manager's aggregated Daily Demand Requirement by summing Pool Manager's Daily Demand Requirements, plus applicable Retainage, for each Customer being served by Pool Manager and rounding the total to the next greatest dekatherm. The Company will inform Pool Manager via e-mail of Pool Manager's aggregated Daily Demand Requirement by City Gate for the upcoming Month upon expiration of Company's enrollment deadline.

The Company shall assess the Pool Manager a per MMBtu charge equal to the maximum of \$15.00 or 200% of the otherwise applicable highest weekly overage Alert Day Price as is posted or otherwise would be calculated by Florida Gas Transmission Company for each day when delivery to Company by Pool Manager differs from Pool Manager's Pool(s) aggregated DCQ. The Company may waive this charge from time-to-time on a non-discriminatory basis.

Pool Manager Nominations

Each Pool Manager shall submit to Company first of the month scheduling and nomination information simultaneously with its submission to Transportation Service Provider(s). In addition, no later than the fifteenth (15th) of each month, Pool Manager may submit a mid-month nomination change for each Customer Pool. Pool Manager shall submit to Company, this scheduling and nomination information simultaneously with its submission to Transportation Service Provider(s).

Such Nomination shall include the following information:

1. The Customer, Shipper's Designee or Pool Manager's account number under which service is being nominated – "Del Loc" (Delivery Location);
2. The Company Receipt Point location including applicable POI and upstream pipeline name, package ID "Pkg ID" (Package ID), including Customer's or Pool Manager's Company account number "Dn K" (Downstream Contract), and quantity in Therms of Gas to be tendered at each Company Receipt Point "Nom Del Qty" (PM Delivery

POOL MANAGER SERVICE – (PMS) - CONTINUED

Pool Manager Nominations Continued

Quantity);

3. The downstream delivery facility name, and quantity in Therms of Gas to be delivered for each Company Customer account or Pool "Dn Name" (Duns Number);
4. A beginning and ending date for each Nomination;
5. Ranking for allocation 'Del Rank" (Delivery Rank)

Only Nominations with clearly matching identifiers will be scheduled and subsequently delivered by Company.

Company shall be entitled to retain at no cost to Company a percentage of the quantity of Gas delivered by or for the account of Customer at each Company Receipt Point for transportation to Customer, as Gas which shall be deemed to be an allowance for transportation Retainage in the performance of service under each applicable Rate Schedule. Such percentage shall not be higher than 1.5% without prior approval of the Florida Public Service Commission.

Capacity Exceeding Released Quantities:

If Pool Manager's Customer Pool's aggregated DDR is greater than Pool Manager's Customer Pool's aggregated DCQ, Pool Manager shall be responsible for taking such actions as are required to obtain sufficient Transportation Service Provider capacity to meet its Customer Pool requirements, such additional quantities shall be equal to Pool Manager's Customer Pool's DDCV. Pool Manager may acquire such Transportation Service Provider capacity quantities from any source.

Pool Manager Warranty:

Each Pool Manager warrants that it will have at the time it delivers or causes the delivery of natural Gas into the Company's distribution system good title to deliver the Gas. Each Pool Manager warrants that the natural Gas it delivers or causes to be delivered shall be free and clear of all liens, encumbrances, and claims whatsoever; that it will indemnify the Company and hold it harmless from all suits, actions, debts, losses and expenses arising from any adverse claims of any person to the natural Gas; and that it will indemnify the Company and hold it harmless from all taxes or assessments which may be levied and assessed upon such delivery and which are by law payable by the party making delivery.

Responsibility for Natural Gas:

The Company and the Pool Manager shall be jointly and severally liable for the natural Gas while it is in the Company's distribution system between Company's City Gate(s) and the point of delivery to the Customer. The Pool Manager shall be solely liable for the natural Gas until it is delivered to Company's City Gate(s). The party or parties thus responsible for the natural Gas shall bear liability for all injury or damage caused thereby. Notwithstanding anything to the contrary stated herein, a Pool Manager shall indemnify the Company for all injury, damage, loss, or liability of the Company caused by Pool Manager's delivery of natural Gas not complying with the Natural Gas Quality Section of this Tariff.

POOL MANAGER SERVICE – (PMS) - CONTINUED

Natural Gas Quality:

All-natural Gas delivered, or caused to be delivered, into Company's distribution system by or on behalf of a Pool Manager will be merchantable and shall conform to the natural Gas quality specifications set forth in the "Quality of Gas" section of this Tariff.

Billing:

The Company shall render to a Pool Manager on or before the 20th calendar day of each Month a bill for Pool Manager's monthly Customer Charge and for all imbalance charges as defined in Billing Adjustments during the preceding Month.

Payment:

Pool Manager shall pay the Company the amount due under any bill from the Company within ten (10) days after receipt by the Pool Manager of the bill from the Company. The Company may at its option require the Pool Manager to make payment of any bill by electronic transfer within such ten (10) day period. Any bill not paid within such ten (10) day period shall bear interest at the rate of one and one-half percent (1.5%) per Month.

Billing Disputes:

Pool Manager may dispute the amount of any bill by notifying the Company within sixty (60) days of receipt by the Pool Manager of the bill from the Company. If a Pool Manager in good faith disputes the amount of any bill, the Pool Manager shall nevertheless pay to the Company the amount of such bill. Company shall have thirty (30) days to resolve such disputes with Pool Manager and will refund to Pool Manager any amount resolved in favor of Pool Manager within ten (10) days of such resolution.

Standards of Conduct:

In addition to the above terms and conditions, Pool Managers must agree to comply with any standards of conduct or other requirements set forth by the FPSC.

Termination of Service:

Pool Manager will be responsible for providing Company with a duly executed CI Pool Manager Customer Termination Notice (See Sheet No. 93) not less than thirty (30) Working Days prior to the Pool Manager's desired date for termination of service to Customer.

SHIPPER ADMINISTRATIVE SERVICE - (SAS)

Availability:

Throughout the Service Areas of the Company.

Applicability:

Service under this Rate Schedule is mandatory for all CI Pool Managers, delivering, or causing to be delivered, Gas to the Company's distribution system for transportation to Customers.

Monthly Rate:

CI Pool Administration Charge:

Space Coast and South Florida Service Areas:	\$400.00 per pool
--	-------------------

Per Customer Charge:

Space Coast and South Florida Service Areas	\$6.21 per Customer
---	---------------------

Minimum Charge:

The CI Pool Administration Charge.

OFF SYSTEM SALES SERVICE – 1 – (OSSS-1)

Availability:

Available within areas served by the Company, and within the area served by an interstate or intrastate natural Gas pipeline also serving the Company.

Applicability:

Interruptible Natural Gas, interstate or intrastate pipeline capacity releases, or delivered natural Gas capacity and supply combined, released or delivered by Company through the facilities of a Transportation Service Provider, using Company's transportation capacity rights on such Transportation Service Provider's pipeline, to any person not connected to Company's distribution system.

This rate schedule is applicable to both bundled and unbundled gas service, i.e., interstate or intrastate pipeline capacity only that is released by Company pursuant to Transportation Service Provider's FERC gas Tariff as well as interstate or intrastate pipeline capacity that is bundled with natural gas supply and is subsequently delivered by the Company to Customer.

Limitation of Service:

Company may notify Customer at any time to reduce or cease using Natural Gas. Company will endeavor to give as much notice as possible to Customer.

Any Gas taken in excess of the volume allocated to Customer during an interruption or Curtailment order shall be considered to be unauthorized overrun Gas. Company may bill and Customer shall pay for such unauthorized overrun Gas, in addition to other charges payable hereunder, at the greater of \$1.50 per Therm or the rate per Therm imposed on Company by the delivering Pipeline.

For each day on which Customer desires to receive service pursuant to this rate schedule, Customer shall provide a Nomination to Company specifying the quantity of Natural Gas it desires to receive at the specified point of delivery pursuant to this Agreement. Following receipt of a timely and complete Nomination from Customer, Company will confirm the quantities of Natural Gas to be made available for delivery to Customer at such point of delivery. Quantities confirmed by Florida Public Utilities Company for delivery shall be "Scheduled Quantities".

Except as nominated by Customer and scheduled by Company, neither Customer nor Company shall have any obligation to the other for any specific minimum quantity of Natural Gas or pipeline capacity on any day or during any Month. Deliveries pursuant to this rate schedule shall be subject to Curtailment or interruption at any time in the sole discretion of Company.

The point of delivery for all-natural Gas sold pursuant to this rate schedule shall be the Delivery Point of the delivering Pipeline specified by Customer. The Delivery Point operator shall be

OFF SYSTEM SALES SERVICE - 1 – (OSSS-1) - CONTINUED

Limitation of Service Continued

solely responsible for all balancing with the Pipeline, financially and physically.

Customer and Company shall rely on measurement made by the Pipeline. Unless curtailed, all Nominations to Customer's Transportation Service Provider's Delivery Point shall be considered to have been made by the Transportation Service Provider.

Character of Service:

Natural Gas or its equivalent, with an approximate average heating value of in the range of one thousand one hundred (1,000) to one thousand one hundred (1,100) British Thermal Units per standard cubic foot.

Monthly Rate:

Customer Charge: None

Non-Fuel Energy Charge:

For all Scheduled Quantities, an amount not less than \$.000 per Therm, which Non-Fuel Energy Charge shall be established by agreement between Company and Customer prior to each transaction pursuant to this rate schedule.

The Non-Fuel Energy Charge for service pursuant to this rate schedule shall be determined by Company based upon Company's evaluation of competitive conditions. Company may from time to time increase or reduce the Non-Fuel Energy Charge as it deems necessary or appropriate to remain competitive but shall have no obligation to do so; provided, however, that the Non-Fuel Energy Charge shall at all times remain within the limits set forth above.

The bill for Therms billed at the above rates shall be increased by the agreed upon price per Therm of the Natural Gas delivered to Customer pursuant to this rate schedule, including all costs incurred by Company associated with Transportation Service Provider transportation.

This rate schedule shall not be adjusted by the Company's Purchased Gas Cost Recovery Clause.

Transportation

Administration Charge: Not applicable

Minimum Bill: Not applicable

Terms of Payment:

Bills are rendered net and are due and payable within ten (10) calendar days of receipt of invoice from Company.

OFF SYSTEM SALES SERVICE - 1 – (OSSS-1) - CONTINUED

Billing Adjustment:

Purchased Gas Cost Recovery Factor: Not applicable to this rate schedule.

All other Billing Adjustments: Riders A through E may apply

Term of Service:

As mutually agreed between Company and Customer.

Terms and Conditions:

Service under this rate schedule is subject to the Company's Rules and Regulations applicable to gas service.

Disposition of Net Revenues:

For purposes of this rate schedule "net revenues" shall mean the total Non-Fuel Energy Charges received by Company for service pursuant to this rate schedule, revenues received by Company for Natural Gas above the cost of Natural Gas to the Company and revenues received by Company for pipeline demand charges above the prevailing rates for like period(s) as negotiated by Pipeline Customers via the Transportation Service Provider's Relinquishment program on its Electronic Bulletin Board system. Disposition of net revenues received by Company during each Month that service is provided pursuant to this rate schedule shall be as follows:

Fifty percent (50%) of the net revenues shall be retained by Company. The remaining fifty percent (50%) of the net revenues shall be used to reduce Company's cost of Natural Gas recovered through the Purchased Gas Cost Recovery Factor Clause.

Economic Development Gas Service (EDGS)

AVAILABILITY

Service under this Schedule is available, in conjunction with other applicable Commercial or Industrial rate schedule, to any qualifying person that meets the eligibility requirements.

APPLICABILITY

To receive service under this Rate Schedule, the Customer's written application to the Company shall include sufficient information to permit the Company to determine the Customer's eligibility.

Eligibility Requirements: A qualifying person must intend to become a new Customer with the intent to utilize gas to provide significant economic development or environmental benefits within the State of Florida or in a manner that increases system utilization; be an existing Customer that materially expands its use of gas, that provides significant environmental or economic development benefits within the State, or that increases system utilization; or be a new or existing Customer that meets other criteria as determined appropriate by the Florida Public Service Commission.

Significant Economic Benefit: Customers must intend to: create new jobs or avoid potential job reductions in the State; be identified as a prospect by applicable state, county or municipal economic development entity; or otherwise provide material benefits in the areas' economic development.

Significant Environmental Benefit: Customers must intend to: install or modernize equipment that uses energy more efficiently; reduce carbon emissions; achieve goals under a State or Federal Energy Plan or Policy as may be established from time to time; or otherwise intend to provide measureable benefits to improve Florida's environment.

Qualifying Volumes: To be eligible for service under this rate schedule a new Customer must contract to purchase and/or transport at least 1,000 Dth annually. An existing Customer must contract to purchase and/or transport of at least 1,000 Dth of additional gas annually. The increase in the volume of gas purchased or transported shall result from an increase in business activity and not merely from the resumption of normal operations following a period of abnormal operating conditions. If in the Company's sole judgement an abnormal period has occurred as a result of a strike, equipment failure, or any other abnormal condition during the twelve (12) month period prior to the date of the application by the Customer for service under this rate schedule, the Company shall adjust the Customer's consumption to eliminate any abnormal conditions. The Company, through use of historical data shall determine the base annual consumption for existing Customers. Volumes in excess of the base annual consumption shall be used to evaluate the eligibility of the Customer to receive service under this rate schedule. Loads which are or have been served by the Company during all or part of the twelve (12) month period prior to service under this Rate Schedule, and which are relocated to another metering point within the Company's service area, shall not qualify for this Rate Schedule.

Economic Development Gas Service (EDGS)
(Continued)

The existing facilities of the Company must be adequate in the sole judgment of the Company to supply the new or expanded gas requirements. If construction of new or expanded local facilities by the Company is required, the Customer may be required to make a Contribution in Aid of Construction for the installed cost of such facilities. The Company will evaluate the Customer's request for service and determine the necessity of a Contribution in Aid of Construction for facilities based on the Extension of Facilities provisions in the Company's filed tariff.

The Customer must execute a contract for service under this tariff for a minimum of 10 years.

All other terms and conditions of the companion rate schedule under which service would otherwise be provided shall apply to service provided under this rate schedule.

The Company shall review the Customer's consumption each year to determine whether the Customer has fulfilled the usage requirement to be eligible for service under this rate schedule. If, on an annual basis, the Customer fails to fulfill the usage requirement for service under this tariff future service may be provided under the applicable rate schedule that would otherwise apply.

CUSTOMER CHARGE

A full monthly Customer charge per meter as provided under applicable companion tariff is payable regardless of the usage of gas.

MONTHLY RATE

The non-gas charges that would be billed in accordance with the applicable rate schedule that would otherwise apply to the qualifying volumes if service was not providing under this rate schedule shall be multiplied by the following Adjustment Factors to determine the monthly bill related to the qualifying volumes. For a new Customer the factor will be applied to the charges for the total volume delivered. For an existing Customer, the factor will be applied to the charges applicable to the volume in excess of the base annual volumes. For monthly billing purposes, 1/12th of the base annual volume shall be deducted from actual measured consumption to determine the volume eligible for the discounted factor. The factor will not be applied to the monthly Customer charge.

Contract Year	Billing Months	Adjustment Factor	Discount from Companion Rate Schedule
1	1st through 12th	60%	40%
2	13th through 24th	70%	30%
3	25th through 36th	80%	20%
4	37th through 48th	90%	10%
	Beyond the 48th Month	100%	0%

Economic Development Gas Service (EDGS)
(Continued)

If the volume of gas purchased or transported in a contract year is less than the volume specified in the contract, the difference in the actual volume and the volume specified in the contract shall be deemed a volume deficiency. For any volume deficiency, the Customer shall be billed an amount equal to the non-gas volumetric charge that would have been billed for the delivery of the volume equal to the deficiency. The bill shall be computed in accordance with the applicable rate schedule that would otherwise apply subject to the discount provided under this rate schedule.

PAYMENT TERMS

All bills for service are due upon presentation. The stated net amount shown on the bill shall apply if payment is received on or before the date as specified on the bill. Payments received after that date shall be assessed late payment charges as defined in Section 7 on Sheet No. 13 of the Company's tariff.

BILLING ADJUSTMENTS

Bills for gas service hereunder shall be subject to adjustment for the applicable taxes, fees, and the cost of purchased gas in accordance with Purchased Gas Adjustment (PGA), and shall be subject to other adjustments, charges and/or credits as determined to be applicable to the applicable rate schedule under which the Customer would otherwise be served. The adjustment factor provided under this rate schedule will not be applied to the PGA and other adjustments factors.

RENEWABLE NATURAL GAS SERVICE (RNGS)

AVAILABILITY:

Throughout the service areas of the Company.

CHARACTER OF SERVICE:

Service provided by the Company for the purpose of conditioning and upgrading Customer's biogas to Renewable Natural Gas ("RNG") such that the RNG can be utilized onsite by Customer and/or to be delivered into Company's distribution system for transportation and delivery.

APPLICABILITY:

Service under this Rate Schedule ("RNG Service") is available to eligible Customers that produce biogas to be utilized as RNG onsite by the Customer or delivered into the Company's distribution system for transportation and delivery pursuant to Rate Schedules GS-1, GS-6K, GS-25K, GS-120K, GS-1250K, GS-11M, GS-25M, KDS or NGV-II to a compressed natural gas station or other point of delivery on the Company's system. Service under this Rate Schedule is contingent upon the Company and the Customer entering a mutually satisfactory RNG Service Agreement; provided, however, that in no event shall the service provided to the Customer under this Rate Schedule cause any additional cost to the Company's other rate classes.

RNG SERVICE AGREEMENT:

The terms of service, including design, location, quantity, gas quality specification, operation of facilities and the Monthly Service Charge, will be set forth in a mutually satisfactory agreement between the Company and the Customer ("RNG Service Agreement"). The RNG Service Agreement may require commitment(s) by the Customer to purchase RNG Service for a minimum period of time, to take or pay for a minimum amount of RNG Service, to make a contribution in aid of construction, to furnish a guarantee, such as a surety bond, letter of credit or other means of establishing credit, and/or to comply with other provisions as determined appropriate by the Company. Absent an RNG Service Agreement with the Company under this Rate Schedule, the Company has no obligation to provide, and the Customer shall have no right to receive, service under this Rate Schedule.

MONTHLY SERVICES CHARGE:

The Monthly Service Charge shall be an amount negotiated between the Company and the Customer, but in no event shall Monthly Service Charge cause any additional cost to the Company's other rate classes. The Monthly Charge shall be set in a manner to allow the Company to recover the total installed cost of the facilities required to provide RNG Service plus the carrying costs at the Company's overall cost of capital, which facilities

RENEWABLE NATURAL GAS SERVICE (RNGS)
(Continue)

may include, but are not limited to, blowers, chillers, condensate removal equipment, compressors, heat exchangers, driers, digesters, gas constituent removal equipment, quality monitoring equipment, storage vessels, controls, piping, metering, propane injection, and any other related appurtenances including any redundancy necessary to provide reliable RNG Service.

DELIVERY CHARGE:

In addition to the Monthly Service Charge, the Company will also collect the applicable tariff rate for any volume of RNG that is delivered, into the Company's distribution system for transportation and delivery on behalf of the Customer at the Customer's request. In the event service is provided under Rate Schedule KDS, the delivery charge shall be an amount negotiated between the Company and Customer, but the rate shall not be set lower than the incremental cost the Company incurs to redeliver Customer's gas back to the Customer.

ELECTRIC AND FUEL REIMBURSEMENT CHARGE:

The Company's provision of RNG Service does not include the provision of electricity, natural gas, or any other fuels required to operate the RNG facilities or to be added to the RNG produced by the Customer. The Customer shall reimburse Company for all such electricity and other fuel expenses incurred by Company to provide RNG Service to Customer under this Rate Schedule.

SPECIAL CONDITIONS:

1. Service under this Rate Schedule shall be subject to the Rules and Regulations set forth in the Company's tariff, except to the extent modified under this Rate Schedule and / or in an RNG Service Agreement.
2. All Customer RNG that is delivered into Company's distribution system for transportation and delivery must (i) meet the gas quality standards defined in Florida Gas Transmission's tariff in effect and applicable at the time the RNG Service Agreement entered and (ii) have an acceptable heat content such that the RNG delivered into the Company's distribution system does not, as determined in the sole discretion of the Company, impact the Company's ability to deliver Gas on the order of 1,100 British Thermal Units per cubic foot.
3. Each year the Company shall re-determine the Rate Schedule applicable to the transportation and delivery of the Customer RNG based on the Customer's annual usage. If the Company determines that the Customer should be reclassified to a different Rate Schedule for the transportation and delivery of RNG, such reclassification shall be prospective only.

RENEWABLE NATURAL GAS SERVICE (RNGS)
(Continue)

4. A Gas Chromatograph and Automatic Meter Reading (AMR) equipment capable of providing daily readings is required for Customers served under this Rate Schedule. See the Rules and Regulations for Metering for terms and conditions related to AMR's.

OWNERSHIP OF RNG COMMODITY:

Unless otherwise agreed to between a Customer and the Company, ownership of the RNG commodity will remain with the Customer through all phases of any services the Company provides unless Company and Customer enter into a RNG commodity purchase agreement.

FLEXIBLE GAS SERVICE – (FGS)

Objective:

The objective of this Rate Schedule is to enable the Company the opportunity to compete in markets where natural gas service is not a monopoly service.

This Tariff provides the Company with both the opportunity and risk to compete in these markets. It is designed to increase load by working with Customers with regard to the specific terms and conditions of service.

This Tariff places the Company's shareholders at risk, not the general body of ratepayers (see rate-making treatment).

Applicability:

This service is available at the Company's option to Customer(s) meeting the applicability standards, which include: (1) the Customer must provide the Company with a viable economic energy alternative including verifiable documentation of Customer alternative, and (2) the Company must demonstrate that this new Customer will not cause any additional cost to the Company's other rate classes. The Company is under no obligation to grant service under this Tariff. Absent a service agreement with the Company under this rate schedule, Customers are under no obligation to accept service under this rate schedule and may elect to receive service under other applicable Tariff rate schedules.

Terms of service under this rate schedule, including pressure, capital repayment, operating conditions and length of service are separately set forth in individual agreements between the Company and the Customers.

Monthly Rate:

The rate will be developed based on economic market conditions at the time gas service is requested. The rate shall not be set lower than the incremental cost the Company incurs to serve the Customer.

Confidentiality:

The Company and Customer each regard the terms and conditions of the negotiated service agreement as confidential, proprietary business information.

The Company and Customer agree to utilize all reasonable and available measures to guard the confidentiality of said information, subject to requirements of courts and agencies having jurisdiction hereof.

In the event either party is asked to provide the information by such a court or agency, it will promptly inform the other of the request, and will cooperate in defending and maintaining the confidentiality of the information.

This provision shall not prohibit or restrict the FPSC from reviewing the service agreement in the performance of its duties, but the FPSC shall treat the service agreement as a confidential document.

FLEXIBLE GAS SERVICE – (FGS) – CONTINUED

Rate-Making Treatment:

To the extent that the Company enters into Flexible Gas Service agreements with Customers, the Company is at risk for the capital investment necessary to serve the Flexible Gas Service Tariff Customers, not the general body of ratepayers.

Rate Base:

In the case of providing service to a new Customer under this Tariff, the Company will identify the incremental capital costs, including construction work-in-progress, required to provide service to the Customer. In this instance, the Company will separately account for all such costs, excluding them from rate base.

Where the Customer is served from the Company's existing distribution system, a portion of the net book value of common distribution facilities, including Mains and measuring and regulating stations, reflecting the Customer's distance from the nearest point on an Interstate Gas Pipeline and the size of pipe required to serve that Customer's peak demand for Gas shall be removed from rate base.

In the case of transferring an existing Customer to this Tariff, in addition to excluding all incremental capital costs and common distribution facilities from rate base, the net book value of Mains, Service Lines, and metering equipment that were specifically installed to serve the particular Customer shall be removed from rate base.

Operating, Maintenance and Administrative Expenses:

The Company will specifically identify all incremental costs, if any, associated with the Flexible Gas Service Tariff Customer. These expenses will primarily be related to the incremental capital required to serve the Customer. In addition, the Company will allocate embedded costs including general distribution and maintenance, Meter reading, Customer billing and accounting, sales, and administrative expenses.

Operating, Maintenance, and Administrative Expenses Continued

The Company will specifically identify all incremental costs, if any, associated with the Flexible Gas Service Tariff Customer. These expenses will primarily be related to the incremental capital required to serve the Customer. In addition, the Company will allocate embedded costs including general distribution and maintenance, meter reading, Customer billing and accounting, sales, and administrative expenses. In future rate cases and earnings surveillance reports, the Company will exclude all operating, maintenance, and administrative costs related to this Tariff as determined by this methodology.

Depreciation and Amortization Expenses:

The Company will exclude all depreciation and amortization expenses related to this Tariff in future rate cases and in its earnings surveillance report. Depreciation and amortization expenses may be incremental and/or allocated and will be determined based on the rate base allocated to each Customer under this Tariff as defined above.

FLEXIBLE GAS SERVICE – (FGS) - CONTINUED

Revenue and Related Taxes:

Revenues related to this Tariff will be excluded from regulated revenues. In filing earnings surveillance reports, the Company will remove actual revenues related to this Tariff, as well as revenue related taxes and income taxes from its calculation of FPSC adjusted rate of return.

All cost allocation related to this Tariff shall remain subject to FPSC audit.

RIDER "A"

Purchased Gas Adjustment ("PGA")

Applicable to all Customers taking Sales Service from the Company under all GS, GL, RSG, CSG and NGV Rate Schedules. The PGA Charge, as defined herein, is designed to recover the cost to the Company of purchased gas or fuel used as a substitute for or supplemental to purchased gas including the cost of storing or transporting said gases or fuel, the cost of financial instruments employed to stabilize gas costs, other charges or credits as may result from the operation of other tariff provisions, and taxes and assessments in connection with the purchase and sale of gas.

A. The rate per therm for gas supplied in any billing period shall be adjusted by the Company's expected weighted average cost of gas (WACOG), and other adjustments as specified and approved by the Florida Public Service Commission. The WACOG may not exceed the Commission approved purchased gas cost recovery factor based on estimated gas purchases for the twelve-month period ending December 31st, in accordance with the methodology adopted by the Commission. The factor determined as set forth above shall be multiplied by 1.00503 for regulatory fees, and rounded to the nearest \$0.00001 per therm, to be applied to the total number of therms consumed by the Customer during the billing period.

B. The PGA cap recovery factor approved by the Commission for the billing months of January 2026 through December 2026 is \$1.2769 per therm.

C. If re-projected gas cost expenses for the remaining period exceed projected recoveries by at least 10% for the twelve-month period, a midcourse correction may formally be requested by the Company. For changes in market conditions and costs, the Company, upon one day's notice to the Commission, shall have the option of flexing downward (reducing the WACOG) or upward (increasing the WACOG) to the extent that the increase does not exceed the authorized cap. The current month WACOG may be adjusted for prior months' differences between projected and actual costs of gas purchased, but may not exceed the approved cap for the period.

D. Any over recovery or under recovery of purchased gas costs by the Company as a result of adjustments made pursuant to the above shall be "trued-up" (refunded to Customer or collected by Company) with interest, during succeeding billing periods as an adjustment to the WACOG, in accordance with the methodology adopted by the Commission, or as such methodology may be amended from time to time by further order of the Commission.

RIDER "B"

Energy Conservation Cost Recovery Adjustment ("ECCR")

Applicable to all Customers served under the Rate Schedules shown in the table below except for those Customers receiving a discount under the AFD Rider.

The Distribution Charge for the applicable Rate Schedules shall be increased or decreased for the ECCR Rider to reflect the recovery of conservation related expenditures by the Company. The ECCR factor shall be multiplied by the tax factor of 1.00503 and rounded to the nearest

\$0.00001 per therm. The Company shall record both projected and actual expenses and revenues associated with the implementation of the Company's Energy Conservation Plan as authorized by the Commission. The procedure for review, approval, recovery, and recording of such costs and revenues is set forth in PSC Rule 25-17.015.

The cost recovery factors including tax multiplier for the twelve-month period from January 1, 2026 through December 31, 2026 are:

RS -1, RSG	\$0.27092 per therm
RS -100	\$0.13265 per therm
RS -600	\$0.07705 per therm
GS-1, CSG	\$0.05251 per therm
GS-6K	\$0.03793 per therm
GS-25K	\$0.03541 per therm
GS-120K	\$0.02514 per therm
GS-1250K	\$0.01478 per therm
GS - 11M - GS - 25M	\$0.00000 per therm
Gas Lighting Customers	\$0.05109 per therm

RIDER "C"

Competitive Rate Adjustment ("CRA")

Applicable to all Customers except those taking service under Rate Schedules KDS, TSS, OSS, LES or under the NGV special contract rate.

The Distribution Charge for gas sold or transported after June 30, 1991, to Customers to whom this charge applies, is subject to adjustment in accordance with the following provisions, for prior shortfalls or surpluses.

A. For the purposes of this clause, the following definitions shall apply:

(1) "Actual revenue" means Company's actual Margin Revenue derived from service provided on the LES Rate Schedule during a determination period.

(2) "Base revenue" means the Margin Revenue which Company would have derived had all gas sold on the LES Rate Schedule during a determination period, been sold under Rate Schedules GS-120K, GS-1,250K, GC-11M and GS-25M.

(3) "Surplus" means the amount, if any, by which Company's actual revenue exceeds its base revenue for a determination period.

(4) "Shortfall" means the amount, if any by which Company's base revenue exceeds its actual revenue for a determination period.

B. The existence of a shortfall or surplus shall be determined by comparing Company's actual revenue with its base revenue. This determination shall be made each year for the actual twelve months ending September 30th ("determination period").

C. A surplus refund or shortfall recovery shall be implemented during an "adjustment period" beginning January 1st by reducing or increasing the Distribution Charge per therm charge prescribed in each applicable Rate Schedule of this tariff by an adjustment factor computed as follows and multiplied by the tax factor of 1.00541 and rounded to the nearest \$0.00001 per therm.

In the event of a surplus, subtract the amount derived from dividing the Surplus Refund due to Customers by the projected therm sales for these Customers.

In the event of a shortfall, add the amount derived from dividing the Shortfall Recovery by the projected therm sales for these Customers.

Any variation between the actual surplus refund to Customers and the amount calculated pursuant to the preceding paragraph, or between the actual shortfall recovery and the amount which Company elected to recover in an adjustment period, shall be "trued-up" during the succeeding adjustment period pursuant to methodology approved by the Commission.

D. Company may defer all or any portion of a shortfall recovery to a subsequent adjustment period or portion thereof.

RIDER "D"

SAFETY, ACCESS AND FACILITY ENHANCEMENT (SAFE) PROGRAM

Applicable to all Customers served under the Rate Schedules shown in the table below except for those Customers receiving a discount under the AFD Rider.

Through its SAFE Program, the Company has identified the potential replacement projects focusing initially on area of limited access/pipe overbuilds, early vintage polymer pipeline, obsolete, span, shallow, exposed pipe and risk assessment for Rear Lot Mainsand Services considering:

- i. The pipe material;
- ii. Leak incident rates;
- iii. Age of pipeline;
- iv. Pressure under which the pipeline is operating. The

Eligible Infrastructure Replacement includes the following:

Company investment in mains and service lines, as replacements for existing Rear Lot Facilities, early vintage polymer pipelines obsolete, span, shallow, exposed pipe and regulatory station and other distribution system components, the installation of which is required as a consequence of the replacement of the aforesaid facilities that:

- i. do not increase revenues by directly connecting new Customers to the plant asset;
- ii. are in service and used and useful in providing utility service; and
- iii. that were not included in the Company's rate base for purposes of determining the Company's base rates in its most recent general base rate proceeding.

The Company is recovering its revenue requirement on the actual investment amounts. The revenue requirements are inclusive of:

1. Return on investment as calculated using the following:
 - a.) Equity balance from the most recent year-end surveillance report and the ROE and equity ratio cap from the most recent rate case;
 - b.) Debt and customer deposit components from the Company's most recent year-end surveillance report; and
 - c.) Accumulated deferred income tax balance from the Company's most recent year-end surveillance report as adjusted, if applicable, consistent with the normalization rules of the Internal Revenue Code.
2. Depreciation expense (calculated using the currently approved depreciation rates);
3. Customer and general public notification expenses associated with the SAFE Program incurred for:

RIDER "D"

SAFETY, ACCESS AND FACILITY ENHANCEMENT (SAFE) PROGRAM
(Continued)

- i. all Customers regarding the implementation of the SAFE Program and the approved surcharge factors;
 - ii. the immediately affected Customers where the eligible infrastructure is being replaced; and
 - iii. the general public through publications (newspapers) covering the geographic areas of the eligible infrastructure replacement activities;
- 4. Ad valorem taxes; and
 - 5. Federal and state income taxes.

The Company is utilizing a surcharge mechanism in order to recover the costs associated with the SAFE Program. The Company has developed the revenue requirement for the SAFE Program using the same methodology approved in its most recent rate case. The SAFE revenue requirement will be allocated to each Customer class (Rate Schedule) using allocation factors established by the Florida Public Service Commission for the SAFE Program. The per Customer SAFE surcharge is calculated by dividing the revenue requirement allocated to each Customer class by the number of Customers in the class.

The cost recovery factors including tax multiplier for the twelve-month period from January 1, 2026 through December 31, 2026 are:

<u>Rate Class</u>	<u>Rates Per Customer</u>
Rate Schedule RS-1	\$8.70
Rate Schedule RS-100	\$8.70
Rate Schedule RS-600	\$8.70
Rate Schedule GS-1	\$8.70
Rate Schedule GS-6K	\$11.01
Rate Schedule GS-25K	\$11.01
Rate Schedule GS-120K	\$11.01
Rate Schedule GS-1,250K	\$11.01
Rate Schedule GS-11M	\$0.00
Rate Schedule GS-25M	\$11.01
Rate Schedule GL	\$8.70

RIDER "D"

SAFETY, ACCESS AND FACILITY ENHANCEMENT (SAFE) PROGRAM
(Continued)

Procedure for Establishing SAFE Revenue Requirements

The SAFE Revenue Requirements and any changes thereto shall be calculated and implemented in accordance with the provisions contained in this Rider. SAFE Revenues shall be subject to refund based upon a finding and order of the Commission to the extent provided in this Rider.

The Company shall calculate its SAFE Revenue Requirements annually in the manner prescribed by this Rider and shall file the appropriate petitions with the Commission seeking to establish or change the SAFE Revenue Requirements and Surcharge. The annual filings shall include the following:

1. An annual final true-up filing showing the actual Eligible Replacement costs and actual SAFE Revenues for the most recent 12-month historical period from January 1 through December 31 that ends prior to the annual petition filing. As part of this filing, the Company shall include a summary comparison of the actual Eligible Replacement costs and SAFE Revenues to the estimated total Eligible Replacement costs and SAFE Revenues previously reported for the same period covered by the filing in paragraph (2) of this section. The filing shall also include the final over- or under- recovery of total SAFE Revenue Requirements, with interest, for the final true-up period.
2. An annual estimated/actual true-up filing showing seven months actual and five months projected Eligible Replacement costs and any SAFE Revenues collected or projected to be collected during the estimated/actual true-up period. The filing shall also include the estimated/actual over- or under-recovery of total Eligible Replacement costs, with interest, for the estimated/actual true-up period.
3. An annual projection filing showing 12 months projected SAFE Revenue Requirements for the period beginning January 1 following the annual filing hearing.
4. An annual petition setting forth proposed SAFE Revenue Requirements and Surcharges to be effective for the 12-month period beginning January 1 following the annual hearing. Such proposed SAFE Revenue Requirements and Surcharges shall take into account the data filed pursuant to paragraphs (1), (2), and (3) of this section.

The Company shall establish separate accounts or subaccounts for each Eligible Replacement for purposes of recording the costs incurred for each project. The Company shall also establish a separate account or subaccount for any revenues derived from SAFE Surcharges.

RIDER"D"

SAFETY, ACCESS AND FACILITY ENHANCEMENT (SAFE) PROGRAM
 (Continued)

Calculation of the SAFE Revenue Requirements and SAFE Surcharges

In determining the SAFE Revenue Requirements, the Commission shall consider only (a) the net original cost of Eligible Replacements (i.e., the original cost); (b) the applicable depreciation rates as determined and approved by the Commission based on the Company's most recent depreciation study; (c) the accumulated depreciation associated with the Eligible Replacements; (d) the current state and federal income and ad valorem taxes; and (e) the Company's weighted average cost of capital as calculated on Tariff Sheet No. 78.

The SAFE Revenue Requirements shall be calculated as follows:

Line	Description	Value	Source
1	Revenue Expansion Factor	1.35270	As calculated in most recent base rate proceeding using current tax rates
2	Ad Valorem Tax Rate	%	Effective Property Tax Rate for most recent 12 Months ended December 31
3	Mains	\$	Eligible Replacement Mains
4	Services	\$	Eligible Replacement Services
5	Regulators	\$	Eligible Replacement Regulators
6	Other	\$	Eligible Replacement Other
7	Gross Plant	\$	L3+L4+L5+L6
8	Accumulated Depreciation	\$	Previous Period Balance +L13
9	Construction Work In Progress	\$	Non-interest Bearing
10	Net Book Value	\$	L7-L8+L9
11	Average Net Book Value	\$	(L10 + Balance From Previous Period)/2
12	Return on Average Net Book Value	\$	L 11 X Company's calculated weighted average cost of capital
13	Depreciation Expense	\$	Lines 3,4,5 & 6 X applicable approved Depreciation Rates
14	Property Tax	\$	(L7-L8) X L 2
15	Customer and general public notification and other applicable expense	\$	O&M expense incurred as a result of eligible plant replacement
16	SAFE Revenue Requirement	\$	(L12+L13+L14+L15) X L 1

RIDER "E"

Transportation Balancing Charge ("TBC")

Applicable to all Customers taking Transportation Service from a Third Party Supplier (TPS). The Transportation Balancing Charge (TBC), as defined herein, is designed to recover the incremental costs incurred by the Company to balance differences between the gas supply nominated by the TPS on behalf of the Transportation Customer and the gas supply consumed by the Transportation Customer. The TBC will become effective once the Company's billing system modifications are complete.

A. The TBC shall allocate a portion of the Company's total annual capacity and storage costs booked to its Purchased Gas Adjustment (PGA) based on a multi-year average system-wide total TPS imbalance as a percentage of FCG's total annual capacity and storage maximum daily quantities (MDQ).

B. The TBC shall be a fixed monthly rate per therm for gas consumed by a Transportation Customer in any billing period. The TBC determined as set forth above shall be multiplied by 1.00503 for regulatory assessment fees, and rounded to the nearest \$0.00001 per therm, to be applied to the total number of therms consumed by the Transportation Customer during the billing period.

C. Upon the effective date of this Rider E, the TBC shall be \$0.0078/therm, including regulatory assessment fees, and shall be applied to the monthly bills of all Customers taking Transportation Service during the billing month.

D. The TBC shall remain fixed until modified by order of the Florida Public Service Commission. The Company shall file to update the TBC rate if there are future material changes in the total capacity/costs booked to the PGA. The Company shall also track the average monthly TPS balances on an annual basis and shall submit a filing to update the Balancing Charge if the three-year average monthly system-wide total TPS imbalances change by more than 10.0%.

E. All revenues recovered through the TBC shall be used to reduce the Company's annual capacity and storage costs and shall be recorded to and reflected as an offset or credit to the annual PGA actual final true-up filing.

RIDER "F"

Natural Gas Facilities Relocation Cost Recovery Clause ("NGFRCRC")

Applicable to all Customers served under the Rate Schedules shown in the table below.

The Distribution Charge for the applicable Rate Schedules shall be increased or decreased for the NGFRCR Rider to reflect the recovery of facility relocation related expenditures by the Company. The NGFRCRC factors include a tax factor of 1.00503 and are rounded to the nearest \$0.00001 per therm. The charges were calculated in accordance with Florida Statute 366.99 (1) and Commission Rule 25-7.150.

The cost recovery factors including tax multiplier for the twelve-month period from January 1, 2026 through December 31, 2026 are:

RS -1	\$0.05343 per therm
RS -100	\$0.02808 per therm
RS - 600	\$0.01611 per therm
GS – 1	\$0.01201 per therm
GS – 6K	\$0.00702 per therm
GS – 25K	\$0.00639 per therm
GS – 120K	\$0.00492 per therm
GS – 1250K	\$0.00349 per therm
GS – 11M – GS – 25M	\$0.00000 per therm
CSG, RSG	\$0.00000 per therm
Gas Lighting Customers	\$0.01191 per therm

A. TRANSPORTATION SERVICE AGREEMENT

**FLORIDA CITY GAS
TRANSPORTATION SERVICE AGREEMENT**

This Agreement entered into this ____ day of _____, 20____, by and between Florida City Gas, herein after referred to as "Company" and:

Company Name: _____
Account Number: _____
Contact Person & Title: _____
Mailing Address: _____
Telephone Number: _____
E-mail Address: _____

Herein referred to as "Customer."

WITNESSETH:

Subject to the terms and conditions contained herein, Company agrees to sell or deliver and Customer agrees to purchase or pay for services required by Customer under Company's Rate Schedule

_____, _____.

Term of Agreement

Service under this Agreement shall commence on the ____ day of _____, 20____, or on the first day following the date the Company completes the installation of necessary Mains, meters, and other essential equipment to service the Customer, whichever is later. This Agreement will remain in effect for an initial term of year(s) beginning with the commencement of service by the Company, and thereafter from year to year. At any time after the initial term, either party may terminate this contract by giving written notice of termination (specifying a termination date at the end of such contract year or any contract yearly period thereafter) upon at least sixty (60) days prior notice.

Duly Constituted Authorities

The rates, terms, and conditions of this Agreement are subject to change as may be lawfully required or permitted by the FPSC.

Tariff for Gas Service

All terms and conditions set forth in Company's FPSC Tariff are incorporated herein by reference. All services are subject to the Rules and Regulations of Company's FPSC Tariff and more specifically by the conditions contained in the Rate Schedule elected herein. Copies of

A. TRANSPORTATION SERVICE AGREEMENT - CONTINUED

Company's FPSC Tariff are available for public reference during normal business hours at each of the Company's natural Gas offices.

Type of Service

The service contemplated hereunder is of an Industrial or commercial character and Company does not guarantee it to be free from interruption or that the chemical composition or specific gravity of the Gas delivered may not vary from time to time. The Customer agrees to provide and maintain suitable safety and control equipment on Customer's facilities and equipment and to use only equipment of a character to ensure safe utilization of Gas sold or delivered hereunder. In case the supply of Gas is interrupted by any cause, Company shall not be held liable for damages on account of such interruption or any consequences resulting there from or from the restoration of service thereafter.

Full Requirements

Customer agrees Customer shall transport all of their natural gas quantity requirements through Company's distribution system. Regulated Sales Service shall not be available from the Company.

Responsibility and Liability

The Company and Customer do respectively assume full liability for the maintenance and operation of facilities operated by each party. Each party shall indemnify and save harmless the other from any and all loss or damage sustained, and from any and all liability including injury to persons and property insured, arising from any act or accident in connection with the installation, presence, maintenance and operation of facilities operated by the indemnifying party unless the same shall be due to the sole negligence of the other party, its agents, employees, contractors, guests or invitees.

Notices

All correspondence and notices required under this Agreement, except notice of Gas supply interruption or restoration of service are to be addressed at the above listed address or e-mail address and to Company at Florida City Gas, Energy Logistics Department PO Box 960, Winter Haven, Florida 33882. Notices with respect to interruption or restoration of deliveries of Gas shall be sufficient if given by Company, at the Company's option, in writing or orally in person or by telephone to the person or one of the persons designated from time to time by Customer as authorized to receive such notice. If Customer shall not have made such designation or, if made, Company is unsuccessful in its effort promptly to establish communication with the person or one of the persons so designated then in any such event, said notice shall be sufficient if given by Company to any person or persons who are on said premises

A. TRANSPORTATION SERVICE AGREEMENT - CONTINUED

or who answer Customer's telephone.

Customer Designation of Pool Manager

Customer shall designate a Pool Manager from Company' List of Approved Pool Managers on Company's website. Customer shall deliver a Letter of Authorization with a duly authorized signature acknowledging such election to the selected Pool Manager.

Point of Receipt and Point of Delivery

ITS Customers or Customer's Designee will cause Customer's natural Gas to be delivered to Company's Point of Receipt as specified in Exhibit A. Customer has requested and Company agrees to receive and transport Customer's natural Gas from the Company's Point of Receipt to the Customer's Point of Delivery as specified in Exhibit A.

Election of Service Level

ITS Customers will elect a Maximum Daily Contract Quantity ("MDCQ") by Month in Exhibit A. If applicable, Customer's Pool Manager will be required to accept a capacity Relinquishment in a quantity equal to the Maximum Daily Contract Quantity elected by Customer.

Monthly Minimum Bill Quantity (Applicable Rate Schedules)

Customers who are served under certain specific rate schedules requiring minimum monthly billing quantities and ITS Customers agree to purchase or receive from Company and Company agrees to sell or deliver to Customer the monthly minimum bill quantity of natural Gas at the Point of Delivery as listed in Exhibit A.

Miscellaneous Provisions

(A) No agent or employee of Company has any power to amend or waive any of the provisions of this Agreement or to make any promise or representation contrary to, or inconsistent with, the provisions hereof. (B) This Agreement with portions included by reference constitutes the entire contract between the parties. (C) This Agreement shall not be binding upon Company until approved and accepted on its behalf by one of its executive officers in the space provided below, and thereafter shall bind and benefit the parties hereto, their successors and assigns.

Delivery Pressure

The Company shall endeavor to deliver Gas to Customer at the Point of Delivery at a pressure of not less than p.s.i.g.

A. TRANSPORTATION SERVICE AGREEMENT - CONTINUED

Bills for Service

Bills and payments shall be rendered in accordance with the Rules and Regulations section of the Company's currently effective FPSC Tariff.

Assignment

Customer shall not assign this Agreement or any portion hereof, or any of its rights and obligations under this Agreement without the express written permission of the other party.

Headings and Captions

The headings and captions in this Agreement are for convenience and shall not constitute a part of the Agreement or be considered interpretive of the Agreement.

Performance

The failure of either Party to insist upon strict performance of any provision of this Agreement shall not constitute a waiver of or estoppel against asserting the right to require such performance in the future, nor shall a waiver or estoppel in any one instance constitute a waiver or estoppel with respect to a later breach of a similar nature or otherwise.

Governmental Agencies

Governmental agencies that are Customers under this Agreement may attach a Rider detailing matters that are required to be included by such agencies pursuant to Florida Law. The Rider is to be prepared at Customer's expense and submitted in duplicate as an attachment to this Agreement.

Interpretation

This Agreement shall be interpreted, construed, and governed by the laws of the State of Florida, without regard to principles of conflict of law.

Settlement of Disputes

The parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for any 1) dispute which is subject to the exclusive jurisdiction of the Florida Public Service Commission, 2) action seeking a restraining order or an injunction related to the purposes of the Agreement, and 3) suit to compel compliance with this dispute resolution process, the parties agree to use the following dispute resolution procedure as their

A. TRANSPORTATION SERVICE AGREEMENT - CONTINUED

sole remedy with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

At the written request of a party, each party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for the purposes of settlement, exempt from discovery and production, which shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

If the negotiations do not resolve the dispute within sixty (60) days of the initial written request, the dispute shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each party may submit in writing to a party, and that party shall so respond to, a maximum of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each party is also entitled to take the oral deposition of one individual of another party. Additional discovery may be permitted upon mutual agreement of the parties. The arbitration hearing shall commence within sixty (60) days of the demand for arbitration. The arbitration shall be held in West Palm Beach, Florida for West Palm Beach Customers and in Debary, Florida for Mid-Florida Customers. The arbitrator shall control the scheduling so as to process the matter expeditiously. The parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the parties or by the arbitrator upon a showing of good cause. Judgement upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

Each party shall bear its own costs of these procedures. A party seeking discovery shall reimburse the responding party the costs of production of documents (including search time and reproduction costs). The parties shall equally split the fees of the arbitration and the arbitrator.

The venue for any action at law or in equity, commenced by either party against the other and arising out of or in connection with this Agreement, shall be in Palm Beach County, Florida.

A. TRANSPORTATION SERVICE AGREEMENT - CONTINUED

IN WITNESS WHEREOF the parties hereto have caused this Agreement to be duly executed the day and year first written above.

This letter constitutes a formal request by the undersigned, "Customer," for Transportation Service pursuant to Florida City Gas's, as applicable (the "Company" or "FCG") provisions of the Company's Tariff, on file with the Florida Public Service Commission, as the same may be amended from time to time (the "Tariff") for the above account number(s).

Pool Manager: _____

D. LETTER OF AUTHORIZATION - CONTINUED

- Customer authorizes Company to release to the Pool Manager named above, the twelve-Month historic Gas usage for the above account number(s).
- Customer has entered, or intends to enter, into one or more agreement(s) with Pool Manager providing for Pool Manager's delivery of the Gas purchased by Customer from or through Pool Manager to Company. Delivery of the Gas takes place pursuant to a separate CI Pool Manager Agreement between Company and Pool Manager (the "Pool Manager Agreement").
- Provided the Pool Manager Agreement is in effect at the time Gas is tendered to Company by or on behalf of Pool Manager for Customer's account(s) listed above, Company will transport Gas delivered for such account(s) pursuant to the applicable provisions of Company's Tariff.
- Subject to the terms of this Agreement, this service shall continue until the Customer, Pool Manager or Company gives written notice to the others of termination of this agreement. If this Agreement is terminated for any reason as it applies to Gas to be delivered for Customer's account(s), and Customer has not executed a service contract with another Pool Manager, Company has the right to immediately reassign Customer to Company's regulated sales service Pool.
- In the event the Pool Manager terminates its agreement with the Customer, the Customer may select a new Pool Manager.
- CI Customer understands that it is responsible for the payment of all bills rendered to Customer by Pool Manager, and that each Pool Manager's bill for Gas purchased by Customer will be rendered separately from Company's CI Customer's bill(s) for Transportation Service. It is the Customer's obligation to make payments to the Company (or to an Authorized Payment Agent of the Company) of all bills rendered. Payment by a Customer to a third-party (including a third-party Gas supplier) which has not been designated by Company as an Authorized Payment Agent will not satisfy the Customer's obligation to make payment of Company's bill for Transportation service.
- The undersigned Pool Manager agrees that it will keep confidential, and not use or disclose to any person not named herein, information released pursuant to the above authorization, or information received from the above Customer, except to the extent necessary to deliver Gas to Company for transportation to the above Customer account(s), or as may be required by law (in which case Pool Manager will provide notice to Company prior to making such disclosure).

F. OFF SYSTEM SALES LETTER AGREEMENT

OFF SYSTEM SALES LETTER AGREEMENT

Date ____ / ____ / ____

Name: _____

Title: _____

City, State, Zip Code _____

Dear _____,

As was verbally requested by _____ on _____.
20____, _____ ("Customer") desires to purchase up to
_____ MMBtu per day of natural Gas, pipeline capacity and / or delivered natural Gas
from Florida City Gas ("Company") for the term beginning _____, 20____ and
ending _____, 20____. Company is will and able to deliver such quantity of
natural Gas directly to Customer for the specified term pursuant to Company's Rate Schedule
OSSS-1 a copy of which is attached here to and becomes part hereof and under the terms and
conditions of this agreement. Company will purchase gas supply and/or release Transportation
Service Provided interstate pipeline capacity for necessary quantities of Gas supply and
capacity and, if applicable nominate the necessary quantity of transportation capacity at Receipt
and Delivery Points on the interstate pipeline system of _____ in order to
effectuate this transaction. This Letter Agreement expresses the mutual understanding of
Company and Customer with respect to the terms to apply to such deliveries of natural gas.

In consideration of the mutual benefits set forth herein, this Letter Agreement is being made and
entered into this ____ day of _____, 20____, between Company and Customer, in
accordance with the following terms and conditions:

1. Daily Delivery Quantity:

Customer shall make a reasonable effort to nominate supplies evenly throughout the term
of this Agreement, subject to the requirements of Transportation Service Provider's Tariff,
including but not limited to Nomination changes for monthly balancing, "Alert Days", and
plant operations. The Daily Delivery Quantity may be changed by mutual agreement of
the parties.

F. OFF SYSTEM SALES LETTER AGREEMENT - CONTINUED

2. Term:

Company shall arrange for the delivery of the Daily Delivery Quantity of natural Gas purchased by Customer under this Letter Agreements during the above referenced term; after which this Letter Agreement shall continue in force thereafter subject to termination by either party on fifteen (15) days' notice.

3. Delivery Point:

Company shall deliver all-natural Gas under this letter Agreement directly to Customer's Delivery Point number(s) _____ on the _____ pipeline system.

4. Authorization to Make Direct Deliveries:

The natural Gas purchased by Customer pursuant to this Letter Agreement will be transported by _____ under Company's firm Transportation Service Agreement. In accordance with the Transportation Service Provider's currently effective Federal Energy Regulatory Commission ("FERC") Tariff. Company will exercise its alternate Delivery Point rights so that, upon Transportation Service Provider approval, Transportation Service Provider will deliver the natural Gas directly to Customer at the Delivery Point(s) set forth above. Customer shall be responsible for any applicable reporting or filings to be made with Federal or State governmental authorities associated with this transaction. Company retains the right to recall these volumes upon two (2) hours prior notice to Customer. This supply is fully Interruptible and will be made on a best efforts basis. Interruption and may be due to, but not limited to, the necessity of Company to use said Gas supply and/or capacity to service Customers behind its City Gate(s), loss of supply, unfavorable pipeline conditions, etc.

5. Billing and Payment: Company and Customer agree that the charge for the gas services provided under this Letter Agreement shall be as follows:

<u>Description</u>	<u>MMBtu/Day</u>	<u>Charge</u>
Commodity Cost of Gas	See below	See following text
Reservation Charge	DDQ	\$ _____ per MMBtu
Usage Charge	DDQ	\$ _____ per MMBtu
Company Administration Charge See below		\$ _____ per MMBtu
TOTAL CHARGE _____		Sum of items 1 through 4

NOTE: As nominated for delivery to Transportation Service Provider as indicated on Exhibit A.

F. OFF SYSTEM SALES LETTER AGREEMENT - CONTINUED

The commodity cost of Gas for supplies nominated (if applicable) to be delivered starting with the first day of each Month shall be priced using the price posted per MMBtu in _____ plus \$ _____ per MMBtu until the first interruption of flowing Gas.

Thereafter, Gas supplies which start flowing after the first of each Month shall be priced using the _____ plus \$ _____ per MMBtu. The commodity cost of Gas shall be determined in accordance with _____.

The "Total Charge" set forth above includes the amount to be charged by Company to Customer for the natural Gas commodity, the applicable reservation and usage charges under the applicable Transportation Service Provider's FERC Gas Tariff, as well as all applicable surcharges under Transportation Service Provider's FERC Gas Tariff.

In addition to the "Total Charge" set forth above, Customer shall remit to Company any incremental charges that Company may incur as a result of the services provided under this Letter Agreement, to include, but not be limited to, any charge imposed by Transportation Service Provider directly related to this transaction, such as for imbalances and fuel reimbursement, reporting or filing fees associated with this transaction, and such other charges, fees, or assessments, including Federal and State taxes, authorized by governmental authorities.

Customer shall pay the "Total Charge", incidental charges, and any other obligations that arise as a result of this Letter Agreement, regardless of whether Customer has actually used the Daily Delivery Quantity, so long as Company has arranged for the delivery to Customer of the Daily Delivery Quantity as indicated in Exhibit A.

Customer shall remit payment to Company for the "Total Charge," any incidental charges, and any other obligation that arises as a result of this Letter Agreement within ten (10) calendar days of receipt of invoice from Company at the address set forth below in the "Execution" section of this Letter Agreement. Customer shall be deemed in receipt of Company's invoice upon delivery in person the third Business Day after mailing by registered or certified mail, postage prepaid; the next Business Day after timely delivery to a common carrier service, service fee payable by sending party, for next-day delivery. If Customer fails to pay any amount when due hereunder, Customer shall pay interest on the overdue amount at an annual rate of interest of eighteen (18) percent, calculated from the date that payment is due until the date of remittance hereunder.

6. Warranty of Title:

Company warrants that it will have title to the natural Gas sold hereunder from the time it is received at a Receipt Point until delivery to Customer at the Company Receipt Point(s) specified above, at which point(s) title shall pass to Customer.

F. OFF SYSTEM SALES LETTER AGREEMENT - CONTINUED

7. Force Majeure:

Force Majeure: The obligations of Company and Customer under this Letter Agreement, and the performance thereof, other than a failure or delay in the payment of money due hereunder, shall be excused during periods of Force Majeure. Force Majeure shall mean acts of God, strikes, lock-outs, or other Industrial disturbances, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, including any government mandated quarantines associated therewith, landslides, sinkholes, earthquakes, fires, storms, floods, washouts, arrests and restraints of governments and people, civil disturbances, explosions, breakage or accident to machinery, generating equipment, or lines of pipe, the necessity for maintenance of or making repairs or alterations to machinery, generating equipment, or lines of pipe, freezing of wells or lines of pipe, failure or depletion of wells, loss or interruption of supply, Curtailment of transportation capacity on the applicable Transportation Service Provider's pipeline system, interruption or unavailability of transportation due to an event constituting Force Majeure under Company's Transportation Service agreement(s) with the applicable Transportation Service Provider, and any other causes, whether of the kind herein enumerated or otherwise, not within the control of the party claiming suspension and which in each of the above cases, by the exercise of due diligence such party is unable to prevent or overcome. The party whose performance is excused by an event of Force Majeure shall promptly notify the other party of such occurrence and its estimated time of duration and shall use all reasonable efforts to remedy such Force Majeure and resume such performance.

8. Limitation on Liability:

Neither Customer nor Company shall be liable to the other or to any other party claiming through the other for special, indirect or consequential damages relating to any matter covered by this Letter Agreement.

9. Entire Agreement:

This Letter Agreement constitutes the entire agreement between the parties with respect to the sale of natural Gas hereunder to Customer and supersedes all prior agreements and understandings between the parties.

WHEREFORE, in consideration of the foregoing terms and conditions of this Letter Agreement and the mutual benefits to be obtained therefore, the parties hereto have caused this Letter Agreement to be duly executed by their respective authorized officials.

Agreed to this _____ day of _____, 20__.

G. CI POOL MANAGER AGREEMENT

CI POOL MANAGER AGREEMENT

This CI POOL MANAGER AGREEMENT is made and entered into by and between Florida City Gas hereinafter referred to as "Company" and _____, a _____ corporation hereinafter referred to as "CI Pool Manager".

WITNESSETH:

WHEREAS, Pool Manager desires to operate as a CI Pool Manager on Company's Gas distribution system, and is requesting service as provided in Company's FPSC Tariff,

WHEREAS, Company offers such services under the applicable Rate Schedules and Rules and Regulations of its FPSC Tariff, and

WHEREAS, Company is a party to Service Agreements with Transportation Service Providers;

WHEREAS, CI Pool Manager is an authorized shipper on Transportation Service Providers' interstate Gas transmission system(s), and wishes to ship certain quantities of Gas, on a firm basis, using Company's relinquished Transportation Service Provider Capacity to Company's respective Primary Delivery Points to Company's distribution system, for delivery by Company to the Customer Accounts comprising the Customer Pool (as hereinafter defined); and

WHEREAS, Company wishes to temporarily release to CI Pool Manager, and CI Pool Manager wishes to acquire, a portion of Company's Firm Capacity Rights under the Service Agreements, pursuant to the capacity relinquishment provisions of the General Terms and Conditions of Transportation Service Providers' Federal Energy Regulatory Commission ("FERC") Tariffs, the Rules and Regulations of Company's FPSC Tariff, and the terms and conditions of this Agreement, to enable CI Pool Manager to ship Gas hereunder; and

WHEREAS, Company, or its designee, has certain operational and administrative obligations, as the Delivery Point Operator ("DPO") under the Transportation Service Providers FERC Tariffs, the Company FPSC Tariff and this Agreement.

NOW THEREFORE, in consideration of the premises and the mutual covenants and agreements herein contained, the parties agree as follows:

G. CI POOL MANAGER AGREEMENT - CONTINUED

1. This Agreement shall be effective on the date authorized by the FPSC for the implementation of Company's Transportation Service Programs and shall continue in effect for a period two (2) years and shall thereafter be extended for additional annual periods; unless either party gives written notice of termination to the other party, not less than ninety (90) days prior to the expiration of the initial term. This Agreement may be terminated earlier: i) at the Company's option in accordance with the provisions of its FPSC Tariff or ii) otherwise in accordance with the provisions of this Agreement and the Parties' respective rights under applicable law.
2. Should any amendment or modification to Company's authority to provide service under the CI Transportation Service program and Company's FPSC Tariff cause the terms and conditions hereof to change such that performance hereunder would be unreasonably burdensome for either party, then such burdened party may, by providing no less than thirty (30) days written notice to the other party, terminate this Agreement, without penalty, effective no earlier than on the first day of the Month subsequent to said thirty (30) day notice period.
3. CI Pool Manager agrees to comply with and be subjected to all the provisions of Company's FPSC Tariff applicable to the service provided to CI Pool Managers by Company.
4. CI Pool Manager understands that Company's Shipper Administrative Services (SAS) is mandatory for all CI Pool Managers. The SAS provides the administrative services related to Gas transportation deliveries. CI Pool Manager shall be billed for services in accordance with Company's SAS rate schedule.
5. Company shall temporarily relinquish to CI Pool Manager, and CI Pool Manager shall acquire, each Month a portion of the Firm Capacity Rights that Company is entitled to relinquish under its Transportation Service Provider Service Agreements, as provided by Company's FPSC Tariff. All capacity relinquishments shall be executed in accordance with the provisions of the respective Transportation Service Provider's FERC Tariff.
6. Except for Force Majeure events or Mutually Beneficial Transactions, as provide by Company's FPSC Tariff, CI Pool Manager shall have a firm obligation to deliver each day to the Company's distribution system, Gas quantities sufficient to meet the demand requirements of Pool Manager's CI Customer Pool(s). Pool Manager shall be obligated to cause sufficient quantities of Gas to be delivered for the Customer Pool each and every day such that scheduled quantities for the Customer Pool remain in reasonable balance with actual consumption. Delivery of all such Gas shall be at the Primary Delivery Point(s) and pathed along the Transportation Service Provider(s) pipeline, as established by the relinquishment notice describing the pipeline capacity release to the Pool Manager

G. CI POOL MANAGER AGREEMENT - CONTINUED

7. and released under the applicable FERC and Transportation Service Provider rules and regulations. The Company shall establish appropriate penalties to be enforced should the Pool Manager fail to perform under Rate Schedule PM. In the event of substantial non-performance, as defined in the Company's Tariff, the Company shall terminate the Pool Manager.
8. If any act or omission of Pool Manager causes Company to incur penalties or other expenses or liabilities for unauthorized overrun Gas, for imbalances on a pipeline system, for a failure to comply with Transportation Service Provider's Tariff, or for a failure to comply with a curtailment notice or to take deliveries as scheduled, Pool Manager will indemnify and reimburse Company for all such amounts which the acts or omissions of Pool Manager or its supplier have caused Company to incur. Nothing herein shall be deemed to foreclose Company from employing other remedies including cessation of deliveries, and Company reserves the right to do so, for the unauthorized consumption of Gas.
9. CI Pool Manager will participate in Company's Space Coast and South Florida Service Areas and the Company's i) CI Cycle Read Pool where released capacity equals up to 100% historical monthly quantities, ii) CI Daily Read Pool where released capacity equals not greater than 50% of historical monthly quantities and, iii) Special Contract Pool where capacity is release per contract with the Customer.
